

WP – GADSS NEW ZEALAND's PREPARATION

Summary

- GADSS implementation date 1 January 2023
- There is a need to agree on procedures when an ADT is triggered
- RCCNZ has initiated work with all interested organisations in NZ to formulate a coordinated State response

Progress to date

- TOR established between the organisations
- 2 meetings have been convened to discuss work flows

Specific points

- Recommended to CAA that they adopt Cir 347 notification form and retain the ALR msg format between ATC and RCCNZ
- RCCNZ has registered with Aireon for ADS-B Aircraft Locating and Emergency Response Tracking (ALERT), now in SOPs and ops room training has been conducted
- RCCNZ has attempted to register with OPS CTRL unsuccessfully

Action by the meeting

- Recommend all RCCs register with Aireon
- Recommend all RCCs approach the appropriate State organisations with regard to GADSS implementation
- Request the secretariat to provide advice on how to bring this to the attention of ANB ICAO regarding RCC access to the OPS CTRL Directory

End
