

ICAO

Second Meeting of the Asia/Pacific Wildlife Hazard  
Management Working Group (AP-WHM WG/2)

Virtual Meeting, 27 to 29 May 2020

**Agenda Item 2: Review outcomes of related Meetings/Seminars**

**OUTCOMES OF APANPIRG/30**

(Presented by Secretariat)

**SUMMARY**

This paper presents the relevant outcomes of the APANPIRG/30 for the information of the AP-WHM WG.

**1. INTRODUCTION**

1.1 The 30<sup>th</sup> Meeting of the Asia/Pacific Air Navigation Planning and Implementation Regional Group (APANPIRG/30) was held in Bangkok, Thailand from 4 to 6 November 2019.

1.2 The meeting was attended by 151 participants from 22 Member States, 2 Special Administrative Regions of China and 8 International Organizations (AAPA, CANSO, EUROCONTROL, IATA, ICAO, ICCAIA, IFAIMA and IFALPA). The meeting adopted 15 Conclusions and 4 Decisions. The report of APANPIRG/30 is available at:

<https://www.icao.int/APAC/Meetings/Pages/2019-APANPIRG30.aspx>

**2. DISCUSSION**

Report of the Third Meeting of AOP Sub Group

2.1 The Third Meeting of the Aerodrome Operations and Planning Sub Group (AOP/SG/3) was held from 24 to 26 June 2019 at APAC Office in Bangkok.

2.2 The AOP/SG/3 noted the Report of the First Meeting of the Asia/Pacific Wildlife Hazard Management Working Group (AP-WHM WG/1) held in Bangkok, Thailand from 8 to 10 May 2019.

2.3 The AOP/SG/3 also noted that the AP-WHM/WG/1 Meeting had agreed to propose an amendment to the TOR to align with the proposed amendments to PANS-Aerodromes (new Chapter in Part II of PANS-Aerodromes on Wildlife Hazard Management). The APANPIRG/30 noted that AOP/SG/3 adopted the following Decision formulated by the AP-WHM/WG/1 Meeting:

**Decision AOP/SG/3-4:** Proposal for Amendment to TOR of Asia/Pacific Wildlife Hazard Management Working Group

That, AOP/SG/3 approved the proposed amendment to the TOR of AP-WHM/WG as placed in **Appendix D** to the AOP/SG/3 Report.

2.4 The AOP/SG/3 noted Nepal's working paper in AP-WHM/WG/1, which elaborated ICAO Annex 14, Volume I requirements for the establishment of a national procedure for recording and reporting wildlife strikes to aircraft and an ongoing evaluation of wildlife hazards on or in the vicinity of an aerodrome. The paper provided the composition of the National Wildlife Hazard Management Committee (NWHMC) and its Terms of Reference to help States to establish a NWHMC.

2.5 Recognizing that a National Wildlife Hazard Management Committee had been an effective platform to connect different stakeholders with same objectives and worries concerning wildlife strike hazards to aircraft operations and forum for exchanging information on research and development in aerodrome wildlife control, the APANPIRG/30 noted that the AOP/SG/3 had adopted the following Conclusion and Decision formulated by the AP-WHM/WG/1 Meeting.

**Conclusion AOP/SG/3–5: National Wildlife Hazard Management Committee**

That, States are encouraged to establish a National Wildlife Hazard Management Committee taking into consideration of a proposed Composition of the Committee and its TOR as placed in Appendices F and G to the AOP/SG/3 Report.

**Decision AOP/SG/3–6: Composition and TOR for the National Wildlife Hazard Management Committee**

That, the Composition and TOR of the National Wildlife Hazard Management Committee as placed in Appendices F and G to the AOP/SG/3 Report be published on APAC Website for guidance to the States.

2.6 The AOP/SG/3 noted that the AP-WHM/WG/1 had agreed to develop a set of survey questionnaires including ICAO USOAP CMA WHM PQs to analyze the State's problem/issues/deficiencies on wildlife hazard management which would be developed by experts from Sri Lanka, India and World Birdstrike Association. The APANPIRG/30 noted that the survey questionnaire has been developed and circulated to States by ICAO Regional Office.

**3. ACTION BY THE MEETING**

3.1 The meeting is invited to note the information contained in this paper.
