26 November 2020

Outcomes of the Webinar

ATM Safety Assessment in Change Management (3-5 Nov. 2020)

- **3-day webinar:** 257 registered, over 490 participated with over 160 per day
- **Objectives:**
 - To enhance understanding on the ICAO requirements in ANS and aviation safety
 - To enhance **ATM safety assessment capability** by providing guidance on methodology and practical experience for effective implementation of change management in ATM.
- **Key activities:**

Outcomes

- 93% of overall satisfaction
- When conducting safety assessment in ATM:
 - Hazards identification is the most challenging task for States
 - Contribution, consultation & communication with frontline operational personnel (ATCOs, pilots, maintenance, etc.) are essential
- Safety culture & Just culture is the foundation of aviation safety

Action by the meeting

- **The meeting is invited to discuss on the need for:**
 - New webinar on Safety culture & Just culture
 - Safety-related webinar with some exercises
 - Any other ideas
