Navigation and Surveillance Sub-group (CNS SG/24) of
APANPIRG**

Web-conference, 30 November – 4 December 2020

FILMSY 03– Revised Draft Conclusion to WP/26

Draft Conclusion/Conclusion/Decision XX/XX - Space-based VHF communications ICAO Communications Panel has set up a new VHF sub-group under Data Communications Infrastructure Working Group (DCIWG), and States/Administrations in APAC region are encouraged to join this sub-group to participate in review of ICAO Annex 10 SARPs for adoption of space-based VHF operations.	
What: Click here to enter text. <i>a) That, States/Administrations in APAC Region, are encouraged to participate in the ICAO DCIWG space-based VHF sub-group to review ICAO Annex 10 SARPs for adoption of space-based VHF operations.</i>	Expected impact: <input checked="" type="checkbox"/> Political / Global <input checked="" type="checkbox"/> Inter-regional <input type="checkbox"/> Economic <input type="checkbox"/> Environmental <input checked="" type="checkbox"/> Ops/Technical
Why: to support implementation of space-based VHF services	Follow-up: <input checked="" type="checkbox"/> Required from States
When: 2-Jan-21	Status: Draft to be adopted by PIRG
Who: <input checked="" type="checkbox"/> Sub groups <input checked="" type="checkbox"/> APAC States <input checked="" type="checkbox"/> ICAO APAC RO <input checked="" type="checkbox"/> ICAO HQ <input type="checkbox"/> Other:	

Tracked Change Version

Draft Conclusion/Conclusion/Decision XX/XX - Space-based VHF communications There is a need to obtain approval at WRC 23 for frequency allocation of space-based VHF communications services, and for ICAO and States/Administrations in APAC region to support the frequency compatibility studies, planning/implementation of space-based VHF proof of concept/trials. ICAO Communications Panel has set up a new VHF sub-group under Data Communications Infrastructure Working Group (DCIWG), and States/Administrations in APAC region are encouraged to join this sub-group to participate in review of ICAO Annex 10 SARPs for adoption of space-based VHF operations.	
What: Click here to enter text. a) That, ICAO to coordinate and support, and States/Administrations in APAC Region to support, the frequency compatibility studies required for WRC 23 approval to allocate the current aeronautical VHF frequency band for space-based VHF operations. <i>[Singapore – propose to delete, Singapore will put up draft conclusion for WRC-23 nearer to 2023. To clarify, the 2018</i>	Expected impact: <input checked="" type="checkbox"/> Political / Global <input checked="" type="checkbox"/> Inter-regional <input type="checkbox"/> Economic <input type="checkbox"/> Environmental <input checked="" type="checkbox"/> Ops/Technical

Agenda Item 4

30/11/20 – 04/12/20

APANPIRG conclusion was to support ICAO position for WRC-19, this is meant for WRC-23.]

~~b) That, ICAO and States/Administrations in APAC Region, support the planning and implementation of the space-based VHF proof of concept/trials following completion of technical feasibility studies, if required.~~

[Singapore – propose to delete, was captured in APANPIRG 2018]

a) That, States/Administrations in APAC Region, are encouraged to participate in the ICAO DCIWG space-based VHF sub-group to review ICAO Annex 10 SARPs for adoption of space-based VHF operations.

Why: to support implementation of space-based VHF services	Follow-up: <input checked="" type="checkbox"/> Required from States
When: 2-Jan-21	Status: Draft to be adopted by PIRG
Who: <input checked="" type="checkbox"/> Sub groups <input checked="" type="checkbox"/> APAC States <input checked="" type="checkbox"/> ICAO APAC RO <input checked="" type="checkbox"/> ICAO HQ <input type="checkbox"/> Other:
