

ICAO BANGKOK

UNITING AVIATION

# Summary of discussions

**Peter Dunda**

*Regional Officer, Aeronautical Meteorology  
International Civil Aviation Organization*

Webinar on the implementation of the ICAO Meteorological  
Information Exchange Model (IWXXM), 27 to 29 October 2020

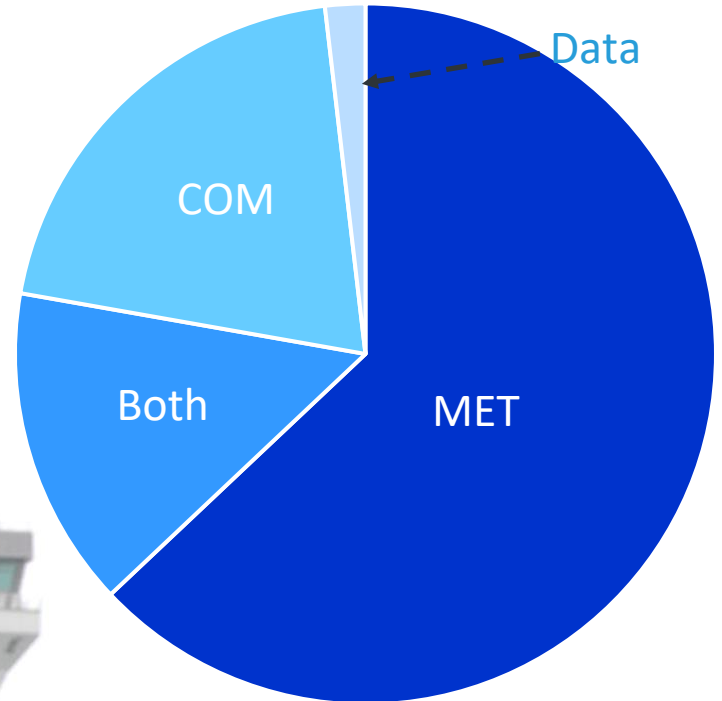

# Who participated?

143 Registered participants from  
27 States/SARs and 2 international  
bodies (plus ICAO)

Participant's background

# What did participants want?

- More information on:
  - IWXXM
  - AMHS and FTBP
  - Status of implementation
  - Additional assistance

# What did participants want?

- Engage in discussion on how to proceed with future exchange of MET information which could have significant impact on stakeholders from producers to consumers

# More information on IWXXM

- The Role of IWXXM in the International Air Navigation System
- Survey => (at best) only half or less of APAC States have implemented/implementation dates
- Background/history, detailed description, preparation and validation, translation of TAC to IWXXM, steps to IWXXM implementation

## More information on AMHS and FTBP

- Readiness of COM centers to support FTBP relaying IWXXM (on 5 Nov 2020 and beyond)
- Implementation plan for IWXXM in the APAC region in a mixed TAC/IWXXM environment
  - ROCs and RODBs as we progress to full IWXXM
- The role of the MET in the implementation of telecommunication system or AMHS

# More information on AMHS and FTBP

- CRV configuration
- AMHS and AFTN ROUTING
- IWXXM distribution (including a proposed solution)
- AMHS contingencies

# Status of implementation

- Results from APAC Survey
- Readiness of APAC RODBs

## Additional assistance

- Let us know in which areas you need assistance
- Continue to discuss the issues in the ICAO forums (MET/IE WG, MET SG and APANPIRG)
- Remember to notify ICAO (using the EFOD) that your State has not brought its practices into full accord with the corresponding SARP
