Ref.: T 4/3.2.5 – AP192/20 (MET)

17 September 2020

Subject: 2020 ICAO Asia and Pacific (APAC) Webinar on the implementation of the ICAO Meteorological Information Exchange Model (IWXXM), 27 to 29 October 2020, online

Action: Please register participants by 20 October 2020

Dear Sir/Madam,

I am pleased to invite your State/Administrative Region/Organisation to participate in the *2020 ICAO Asia and Pacific (APAC) Webinar on the Implementation of the ICAO Meteorological Information Exchange Model (IWXXM)*.

The ICAO APAC Office will conduct the Webinar online on 27 to 29 October 2020.

The objective of the Webinar is to increase participants' awareness and understanding of key IWXXM-related issues and, in turn, facilitate progress on the APAC Region's efforts in planning and implementation of the ICAO (Annex 3) provisions for dissemination of meteorological information in IWXXM form.

Personnel responsible for the dissemination, exchange or use of meteorological information for international air navigation, especially those concerned with or interested in the migration to the use of the IWXXM format, should participate in this Webinar.

Due to the critical role of communications infrastructure, it is especially important that experts in the field of aeronautical communications, including the Air Traffic Services Message Handling System (AMHS), Regional OPMET Bulletins Exchange scheme (ROBEX), Regional OPMET Data Banks (RODBs) and Regional OPMET Centres (ROCs), participate in this Webinar.

The Webinar will include a mix of expert presentations and interactive Q-and-A sessions to facilitate participants' understanding of the current state of implementation of IWXXM in the APAC Region, IWXXM's role in the international air navigation system, how the IWXXM format is developed and governed, how States generate, disseminate and test the exchange of meteorological information in IWXXM form and the communication systems required to support IWXXM.

All the Webinar presentations, discussions and documentation will be in English language. Please find attached a provisional program for the Webinar as well as the participants' registration form. ICAO will provide further information on the Webinar, including the final program and schedule of presentations and discussion sessions as well as the joining instructions at the following website:

E-mail: apac@icao.int

To facilitate preparations for the Webinar, please register your State/Administrative Region/Organisation's nominated participants, using the attached registration form, at the following ICAO Asia and Pacific Office e-mail address: apac@icao.int (or fax: +66-2-537-8199), by **20 October 2020**.

To ensure each registered participant receives the link to join the Webinar, it is essential that their official registration form clearly shows their e-mail address in print or, preferably, typed.

Yours sincerely,

Arun Mishra
Regional Director
