

THE AVIATION – PUBLIC HEALTH Experts' Roundtable Future of Aviation: Facing the New Normal with COVID-19

OPENING REMARKS BY ICAO SECRETARY-GENERAL, DR. FANG LIU

DATES: 4 NOVEMBER 2020

Time: 10.00 - 12.00 hours Bangkok Time (UTC+7)

Join the lineup of eminent panelists who will be sharing their expert perspectives on:

Segment 1 Theme: 'Examining strategies to recover air travel'

- Addressing the key concerns of PHAs when re-opening borders
- Is risk budget an acceptable approach to deal with the tradeoffs for re-opening borders ?
- How would testing feature in the strategy to manage risk ?
- Can quarantine measures be calibrated based on the risk assessment ?
- Can the testing regime cater for recovered COVID-19 persons ?
- Aviation perspectives and concerns of border closures
- Top challenges faced by Aviation entities in implementing public health related measures ?

Segment 2 Theme: 'Enhancing mutual trust'

- Fundamental considerations for reducing friction in a traveler's journey in the new normal
- Certification of tests, testing facilities and vaccinations for credibility & providing assurance
- Building blocks for an international accreditation system
- How to build consensus and increase mutual trust and collaboration between Aviation and Public Health
- Harmonization of risk mitigation measures, policies and guidance material from Aviation and PH entities
