ICAO

**The Combined Tenth Meeting of the South Asia/Indian Ocean ATM Coordination Group (SAIOACG/10) and Twenty—Seventh Meeting of the South East Asia ATS Coordination Group (SEACG/27)**

Bangkok, Thailand, 30 March – 03 April 2020

---

**Agenda Item 9: Any other business**

**AIR TRAFFIC MANAGEMENT POINTS OF CONTACT**

(Presented by the Secretariat)

**SUMMARY**

This paper presents the current ATM Points of Contact listed at the Asia/Pacific Regional Office, and requests that administrations update this information as required.

**1. INTRODUCTION**

1.1 The Sixteenth Meeting of the Asia/Pacific Air Navigation Planning and Implementation Regional Group (APANPIRG/16, Bangkok, 22 – 26 August 2005) recognized that ICAO had placed considerable priority on identifying and rectifying deficiencies and strongly supported the sharing of safety data.

1.2 An important step in this process was the need to provide to the Regional Office a contact address and person who would respond in a timely and effective manner in addressing operational deficiencies notified by operators, so the meeting agreed to the following Conclusion:

***Conclusion 16/62 – State focal point for safety-related activities***

*That, Asia/Pacific States notify to the Regional Office by the first quarter of 2006 a responsible contact officer or position to act as a focal point for safety related activities and in particular for the submission and coordination of ATS incident reports.*

**2. DISCUSSION**

2.1 From time to time, the Regional Office needed to contact the State's ATS authority and operational Air Navigation Service Provider (ANSP). Therefore, States and administrations are requested to provide a contact for the main Area Control Centre supervisory or ANSP operational manager. The ATM List of Contacts has also consolidated the administrative, Aeronautical Information Service (AIS), contingency responses and Search and Rescue (SAR) contacts in **Attachment A**.

**3. ACTION BY THE MEETING**

3.1 The meeting is invited to:

- a) note the information contained in this paper; and
- b) update the ATM Point of Contact List as appropriate.
