

ICAO

*International Civil Aviation Organization***FIFTH MEETING OF SPECTRUM REVIEW WORKING GROUP (SRWG/5)**

Video Teleconference, 15 – 17 March 2021

Agenda Item 6: Review POC of States on frequency affairs**REVIEW POC OF STATES**

(Presented by Secretariat)

SUMMARY

This paper presents a current status of POCs of States on frequency related affairs.

1. INTRODUCTION

1.1 The current practice of aeronautical frequency coordination performed by the ICAO Regional Office is implemented as communication between the ICAO regional officer and the Point of Contact (POC) in different States/Administrations.

1.2 The currency and completeness of the POC list is basic requirement for efficient and timely coordination.

2. DISCUSSION

2.1 The current process for frequency coordination has served the APAC community well over the years and is expected to do so for the foreseeable future. It is based on a minimum bureaucracy when performing the frequency coordination and registration.

2.2 However, due to the turnover of staff in ICAO APAC Regional Office and in civil aviation organization of States, regular review of the POC is deemed necessary.

2.3 A drafted POC list based on participant list of SRWG/4 is provided in **Appendix A** to this paper. It is suggested to nominate one main POC plus two associate POCs for one State/Administration which is capable to do so, to ensure the effective communication between Regional Office and the State/Administration, for normal frequency coordination and emergency coordination under unforeseeable harmful frequency interference to international operations.

2.4 The operator of Frequency Finder could be one of the POCs. Once the POC list established, only the enquiry from the POC to this Regional Office will processed in due course.

Agenda Item 6

15-17/03/21

3. ACTION BY THE MEETING

3.1 The meeting is invited to:

- a) note the information contained in this paper;
- b) provide comments and inputs to **Appendix A**;
- c) discuss any relevant matters as appropriate.
