To this end, ICAO is inviting Member States and partner Organizations to consider nominating participants from a wide range of Safety and ANS fields to facilitate awareness and understanding of ICAO's Safety and ANS programmes among the broader aviation community. We hope this will also provide an opportunity for those who would not normally be able to attend ICAO's regular Safety and ANS-related meetings and events to learn the related information. Approximately half of each webinar will be devoted to a Q&A session using a web-based platform for interactive sessions.

All participants are requested to register for the webinar(s) through the online registration page at <https://events.icao.int/event-details?campaignID=DEDA0F25-25E1-EA11-80F3-001DD8B71C70> **no later than three days prior to each session**. All registered participants will receive an e-mail directly from the Secretariat with an invitation link and appropriate instructions two days before the event. Should you have any inquires on the e-registration, please contact the ICAO Secretariat (APAC-RSO@icao.int and juang@icao.int).

Participants should download the Webinar materials from the ICAO APAC Office website at: <https://www.icao.int/APAC/Meetings/Pages/2020-Safety-Air-Navigation-Services.aspx>.

I shall be grateful if your Administration/Organization could take advantage of the aforementioned Webinars to distribute this information to the relevant person in your organization.

Accept, Sir/Madam, the assurances of my highest consideration.

Yours sincerely,

Arun Mishra
Regional Director
