 - Notes
 - No printing, no copying
- “My Library” features to structure and manage content

ICAO

INTERNATIONAL CIVIL AVIATION ORGANIZATION

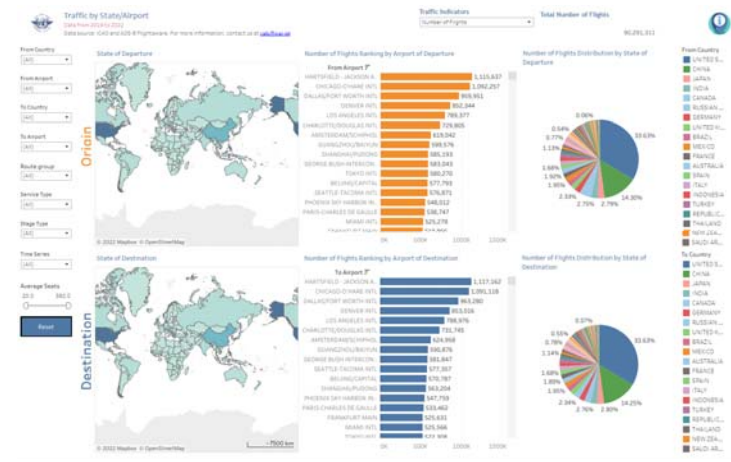

A UN SPECIALIZED AGENCY

ICAO Aviation Data Analytics Dashboards

RECONNECTING **THE** WORLD

Development of traffic dashboards

- Interactive dashboards developed using Tableau platform, which provide **visualization** and **customized querying capabilities**
- cover a **wide array of analytics** ranging from operations, fleet usage, passenger carried, Flight Information Region (FIR) traffic, and revenue impact on airlines, airports and air navigation services providers (ANSPs) at different levels of granularity
- Dashboards were presented to ICAO Council in June 2022
- Expected to be valuable to the ICAO Council and Member States/Administrations in their **current and post COVID-19 pandemic planning and implementation efforts**

ICAO BUSINESS INTELLIGENCE DASHBOARDS

FUNCTION

- Operations and economic impact tracker
- Interactive visualization
- Data download by parameters
- Scalable

RESULT

- Informed planning and implementation
- Data-driven decision-making
- ICAO cooperation with external stakeholders

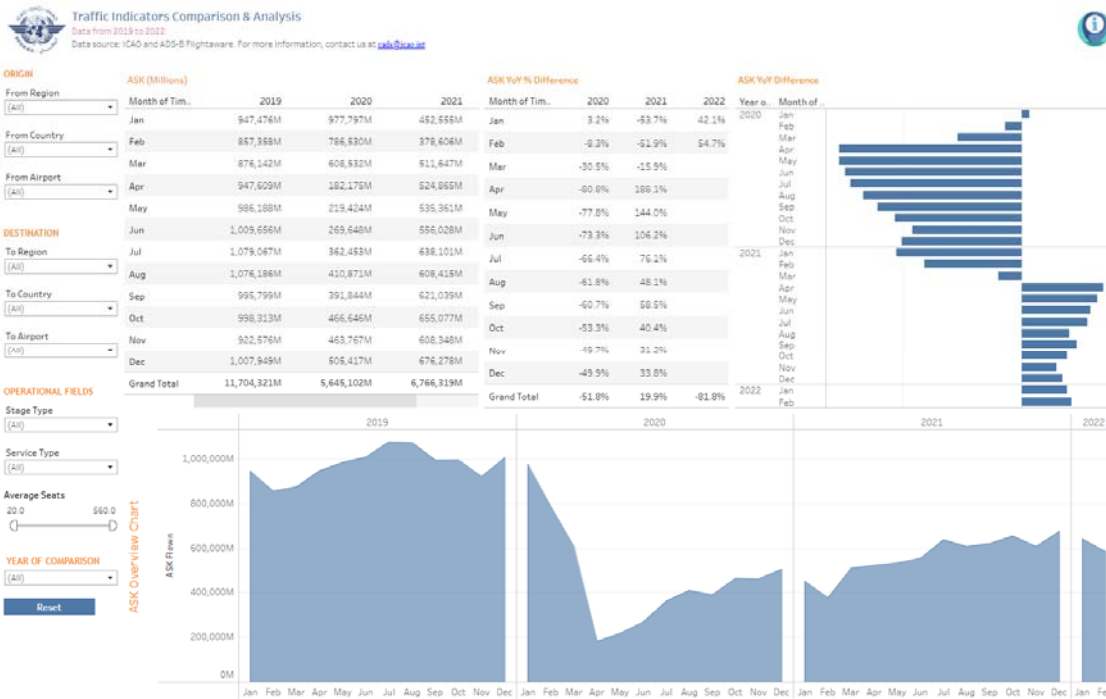

UPDATES

- Weekly updates
- Integration of States/Administrations' feedback
- Machine learning algorithms to continuously improve future forecasts and estimates

**All States/Administrations - as well as Council Members and delegates
Will have a free license to access ICAO dashboards
Email: cads@icao.int (SL Ref.: EC 7/1.7 – 22/67 5 July 2022)**

Dashboards to monitor the state of the Industry and COVID-19 pandemic related economic and operational impacts

- Member States/Administrations have been/are being provided with one free license to access the dashboards
- Instructions to nominate focal points in State letter 2022/67
