

ICAO

International Civil Aviation Organization

Seventh Meeting of the ICAO Asia/Pacific Search and Rescue Working Group (APSAR/WG/7)

Video Teleconference, 24 – 27 May 2022

---

## Agenda Item 7: Any Other Business

### AERONAUTICAL SAR CONTACT LIST

(Presented by Secretariat)

#### SUMMARY

This paper presents the Asia/Pacific Aeronautical SAR Contact List for updating.

## 1. INTRODUCTION

1.1 During APSAR/TF/1, an Asia/Pacific Aeronautical SAR Contact List was developed as a result of WP09 from Australia. The Task Force recognized it was useful to establish a relevant list of SAR Contact Officers or positions for each State.

1.2 The nominated Contact Officer should preferably be a SAR manager or senior SAR qualified person who would respond in a timely and effective manner with coordinating aeronautical SAR operational (non-emergency) and administrative matters between their organizations and the APSAR/WG and/or Regional Office as appropriate.

1.3 The contact list should not be confused with any listings of SAR Point of Contacts (SPOCs) which are used for 24-hour SAR emergency contact purposes associated with RCCs and the COSPAS-SARSAT distress beacon system. The contact details should also not be those used for emergency communications with RCCs.

## 2. DISCUSSION

2.1 The Regional Office has determined that it is more efficient to maintain a single ATM List of Contacts for all purposes – Administrative, Aeronautical Information Service (AIS), Air Traffic Control (ATC), Contingency Coordination Team (CCT) and Search and Rescue (SAR). The list is presented to all ATM meetings for their consideration. The list will be considered for future incorporation in the *Regional ATM Contingency Plan*.

2.2 The consolidated list is provided in **Attachment A** for review and update by the meeting.

## 3. ACTION BY THE MEETING

3.1 The meeting is invited to:

- a) note the information contained in this paper;
- b) provide any updated SAR Points of Contact for the APAC ATM Points of Contact List; and
- c) discuss any relevant matters as appropriate.

ATM POINTS OF CONTACT

This list of contacts at the administrative level is not intended to be used for operational purposes.
