AIR TRAFFIC MANAGEMENT POINTS OF CONTACT

(Presented by the Secretariat)

SUMMARY

This paper presents the current ATM Points of Contact listed at the Asia/Pacific Regional Office, and requests that States and administrations update this information as required.

1. INTRODUCTION

1.1 The Sixteenth Meeting of the Asia/Pacific Air Navigation Planning and Implementation Regional Group (APANPIRG/16, Bangkok, 22 – 26 August 2005) recognized that ICAO had placed considerable priority on identifying and rectifying deficiencies and strongly supported the sharing of safety data.

1.2 An important step in this process was the need to provide to the Regional Office a contact address and person who would respond in a timely and effective manner in addressing operational deficiencies notified by operators, so the meeting agreed to the following Conclusion:

Conclusion 16/62 – State focal point for safety-related activities

That, Asia/Pacific States notify to the Regional Office by the first quarter of 2006 a responsible contact officer or position to act as a focal point for safety related activities and in particular for the submission and coordination of ATS incident reports.

2. DISCUSSION

2.1 From time to time, the Regional Office needed to contact the State's ATS authority and operational Air Navigation Service Provider (ANSP). Therefore, States and administrations are requested to review and update the ATM List of Contacts as provided in **Attachment A**.

3. ACTION BY THE MEETING

- 3.1 The meeting is invited to:
- a) note the information contained in this paper; and
 - b) update the ATM Point of Contact List as appropriate.
