

*International Civil Aviation Organization*

**Twenty Seventh Meeting of the Communications/  
Navigation and Surveillance Sub-group (CNS SG/27)  
of APANPIRG**

Bangkok, Thailand, 28 August - 1 September 2023

---

**Agenda Item 14:** Any other business

**CNS POINTS OF CONTACT**

(Presented by the Secretariat)

**SUMMARY**

This paper reviews the CNS Points of Contact of Member States listed at the Asia/Pacific Regional Office and requests States/Administrations to update points of contact of CNS contingency planning and administrative support for effective and efficient coordination in CNS aspect.

**1. INTRODUCTION**

1.1 In CNS SG/25, the ICAO APAC Regional Office presented the need for Member States/Administrations to provide their points of contact who would respond in a timely, effective and efficient manner in addressing CNS-related operational deficiencies notified to the Regional Office, and contingency planning due to unexpected disaster, which required the ICAO APAC Regional Office for urgent coordination and follow-up to ensure ANS safety.

1.2 This paper reviews the progress on collecting information for CNS Points of Contact.

**2. DISCUSSION**

2.1 The ICAO APAC Regional Office needs to contact Air Navigation Service Providers (ANSPs) from time to time for CNS-related issues, both for urgency such as network issues, cyber security and follow-up on cyber-attacks etc. and for administrative purposes and regional coordinated planning such as AMHS ad-hoc routing, frequency allocations etc. The current practice for ICAO APAC Regional Office is to search for points of contact information from relevant meeting's delegates list, if they are not readily available, and the request could be relayed before getting to the right points of contact. This might cause a lack of efficiency especially when the issues are urgent.

2.2 As such, the Regional Office called for a request to States/Administrations to provide points of contact for **urgency** and for **administrative** purposes in CNS domain. As of early August 2023, we received the corresponding information from 22 States/Administrations including Afghanistan, Australia, Bangladesh, Cambodia, China, Hong Kong China, Fiji, India, Indonesia, Japan, Lao PDR, Malaysia, Myanmar, New Caledonia, New Zealand, Pakistan, Philippines, Republic of

Korea, Singapore, Sri Lanka, Thailand and United States. The prompt provision of required information is highly appreciated to these States/Administrations. The information received so far is provided at **Appendix A** to this paper.

2.3 States/Administrations that have yet to provide their CNS Points of Contact are urged to provide the required information by sending to the ICAO APAC Regional Office at [apac@icao.int](mailto:apac@icao.int) with copy to [vmeefuengsart@icao.int](mailto:vmeefuengsart@icao.int). For States/Administrations that already provided the information, should there be any need to update, please contact the ICAO APAC Regional Office at same email addresses.

### **3. ACTION BY THE MEETING**

3.1 The meeting is invited to:

- a) note the information contained in this paper;
- b) provide/update required information of the CNS points of contact as in **Appendix A** to this paper to facilitate efficient coordination of CNS-related matters; and
- c) discuss any relevant matter as appropriate.
