Dear Sir/Madam,

I wish to invite your Administration to the Sixth Meeting of Mode S and Downlinked Aircraft Parameters Working Group (Mode S and DAPs WG/6) to be held from 28 to 30 March 2023 at ICAO APAC Regional Office, Bangkok, Thailand. Your Administration is strongly encouraged for in-person participation, in benefit of a more productive exchange among participants. Should the in-person participation be not possible to your Administration, a remote participation is a second option.

The objectives of the meeting are to study, review, identify and address major issues in technical, operational and regulatory aspects of Mode S and DAPs applications in the APAC Region. The working group also aims at sharing knowledge/experience among regulators, ANSPs, avionics manufacturers and avionics users. Besides, the working group is expected to discuss about a new Agenda Item *Interrogator Code (IC) Planning and Coordination* on its way-forward in this Region. The working group is also expected to review and discuss the Regional Roadmap for Mode S Implementation, 1030MHz/1090MHz occupancy, Mode S DAPs Implementation and Operation Guidance Document, the ToR and current action items of the working group. The provisional agenda is provided in **Attachment A**.

The Working/Information Papers and presentations containing inputs relevant to the proposed agenda for the meeting may be submitted in Word/PowerPoint format at your earliest convenience, **preferably by 13 March 2023**. The meeting bulletin is provided in **Attachment B**.
