Ref.: T 6/13.2.4 – AP046/23 (FS)

14 March 2023

Subject: Risk-Based IOSA Workshop
jointly organized by IATA and ICAO
(Bangkok, Thailand, 15-16 May 2023)

Action Required: To complete online registration
by no later than 6 May 2023

Sir/Madam,

I have the honor to invite your Administration/Organization to participate in the Risk-Based IOSA Workshop jointly organized by IATA and ICAO, which will be held at the ICAO Asia and Pacific Office in Bangkok, Thailand, from 15-16 May 2023.

The Workshop is organized with the objective of introducing the Risk-Based IOSA concept, process and related impact on operators.

In today's dynamic environment, airlines need an IATA Operational Safety Audit (IOSA) that focuses on areas of potential safety risks rather than applying a "one-size-fits-all" approach. Through the introduction of a risk-based approach, the audit scope will be tailored for each airline. Furthermore, the new approach introduces a maturity assessment of the airline's safety-critical systems and programs.

An increasing number of States and regulatory organizations use IOSA to varying degrees as either a complimentary means of oversight of domestic and/or foreign carriers or as a prerequisite for the issuance of an AOC.

I would urge Member States/Administrations to nominate appropriate representatives and experts from the regulators and industry, especially those who are involved in the safety oversight of operations, to the workshop.

/ The Registration ...

The Registration QR Code, Scope and Programme are given in **Appendix A**. The documents for the Workshop will be uploaded on the ICAO APAC website at <https://www.icao.int/APAC/Meetings/Pages/2023-Risk-Based-IOSA-Workshop.aspx>. The Meeting Bulletin is attached as **Appendix B**.

Accept, Sir/Madam, the assurance of my highest consideration.

for Tao Ma
Regional Director
