

# INDONESIA

## ICAO APAC Implementation Support Dialogue

26 January 2024

GENERAL STATEMENT BY INDONESIA DG  
AT THE 40<sup>TH</sup> ICAD ASSEMBLY, 2019

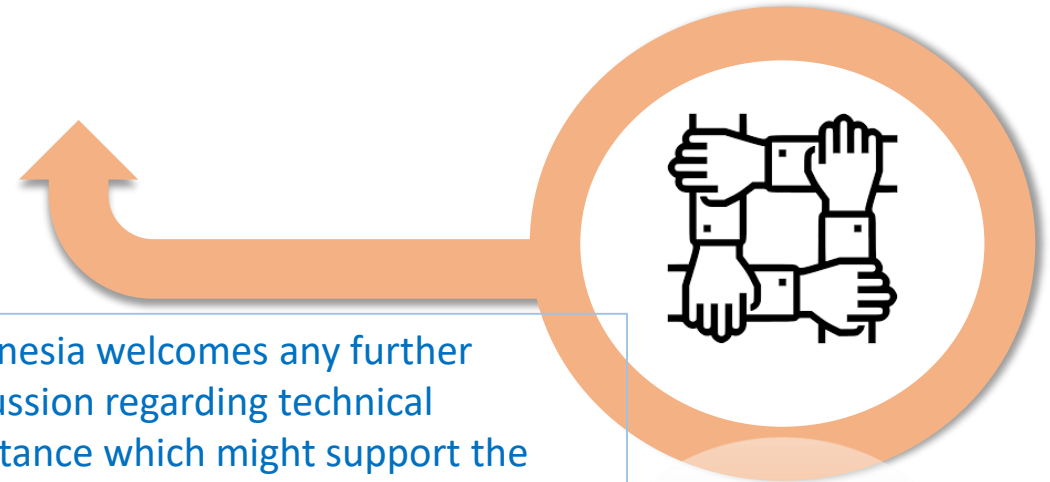

# COMMITMENT

NO COUNTRY  
LEFT BEHIND

Indonesia commits to continue our constant effort in enhancing its civil aviation performance along with self-awareness to collaborate with other member States in reaching similar goals.

Indonesia welcomes any further discussion regarding technical assistance which might support the further enhancement of the world's civil aviation performance.

# Follow Ups

01

## TECHNICAL COOPERATION

DGCA Indonesia – CAA Timor Leste

Short term assistance in AIR-OPS  
(Assistance and Coaching for AOC  
Certification and Aircraft  
Acceptance (First Jet Transport  
Category Aircraft))

02

## TECHNICAL COOPERATION

DGCA Indonesia – CAA Thailand

Environment  
(Dialogue on CORSIA  
implementation in Southeast Asia  
and discussion of feasible  
cooperation in that particular area)

# TIGHTENED COMMITMENT

DGCA Indonesia welcomes future assistance collaboration on:

01

AERODROME  
CERTIFICATION

Technical assistance on how to develop regulation of certification and process of certification

Sharing Experiences on Best Practice to increase USOAP EI and NASP Development

**USOAP EI  
AND NASP**

02

03

ENVIRONMENTAL PROTECTION SAP Development in Reducing CO2 Emission, and CORSIA Implementation

Collaboration Decision Making on the volcanic ash management using I-WISH platform

**VOLCANIC ASH  
MANAGEMENT**

04

# ANOTHER ALTERNATIVE

Indonesia engaged in the ICAO "Developing Countries Training Program" through the signing of the MoU by both sides in 2021.

Since then, Indonesia has carried out training for some ICAO Member States (Least Developed Countries).

This program could also be an alternative for capacity building for PSIDS

# Thank You

**Terbang  
Lebih  
Aman**
