Asia/Pacific Implementation Support Dialogue - Discussion

- **PSIDS' needs and priorities**
- **PSIDS' capacity to engage and effectively implement**

➢ **Initial priorities moving forward**

- GSI Training Project
- GSI Train-the-Trainer
- Strengthening PASO
  - close coordination/collaboration with PASO, PASO member/PICASST signatory States, PIFS, supporting States
- Regulatory development
- SAR Capability Project (I will be knocking on doors…)
- ATS equipment and Aeronautical Telecommunications Network review project (TBC – further research)
- Funds and in-kind support

➢ **Additional consideration of priorities from State and Development Partner presentations**

- Considerable number of assistance programmes for PSIDS, both historical and planned
- Several support and/or complement the above priorities, others warrant serious consideration by PSIDS
- Prioritization of State/DP initiatives for inclusion in ICAO-coordinated project planning – TBA
  - To be determined in direct consultation with PSIDS
- Request States/DPs active in the Pacific keep ICAO informed of their activities
  - Full understanding, avoidance of duplicated effort, develop information sharing, cooperation

ICAO
