EIGHTH MEETING OF SPECTRUM REVIEW WORKING GROUP (SRWG/8)

Bangkok, Thailand, 05 – 07 March 2024

Agenda Item 10: Review POC of States on frequency affairs

REVIEW POC OF STATES

(Presented by the Secretariat)

SUMMARY

This paper presents the current status of POCs of States on frequency related affairs, as of 12 January 2024, for review and update.

1. INTRODUCTION

1.1 The current practice of aeronautical frequency coordination performed by the ICAO Regional Office is implemented as communication between the ICAO regional officer and the Point of Contact (POC) in different States/Administrations.

1.2 The currency and completeness of the POC list are basic requirements for efficient and timely coordination.

2. DISCUSSION

2.1 The current process for frequency coordination has served the APAC community well over the years and is expected to do so for the foreseeable future. It is based on a minimum bureaucracy when performing frequency coordination and registration.

2.2 However, due to the turnover/change of contact staff in the civil aviation organization of States/Administrations, regular review of the POC is deemed necessary.

2.3 As the follow up action, ICAO APAC Office issued a State Letter Ref.: T 8/8.9 - AP057/21(CNS) with Subject: *Focal Point for Frequency Coordination* on 08 April 2021, to remind Administrations to revise and update the POC on frequency affairs.

2.4 The ICAO Secretariat presented WP/20 to CNS SG/26 to highlight the need to contact Air Navigation Service Providers (ANSPs) from time to time for CNS-related issues, both for urgencies such as severe frequency interference/jamming and for administrative purposes and regional coordinated planning such as frequency-related documents update etc. The CNS SG/26 meeting reviewed and further updated relevant POC lists.

2.5 To ensure this correspondence mechanism works efficiently and accurately on frequency coordination, this POC list has been established and maintained regularly. This is only achievable when States/Administrations provide their updates to the ICAO APAC Regional Office on their POC of Frequency Affairs. The latest POC on frequency affairs, which has been reviewed and updated by SRWG/7, is provided in **Appendix A** of this paper for meeting update.

3. ACTION BY THE MEETING

3.1 The meeting is invited to:

- a) note the information contained in this paper;
- b) review and provide/update the POC information in **Appendix A**; and
- c) discuss any relevant matters as appropriate.
