Building Asia/Pacific Regional SWIM: The Journey to Version One

Overview The Asia/Pacific region has adopted a timeframe of 2024 to 2030 for implementing the Asia/Pacific SWIM, with 2030 being the target completion. To achieve this goal, the regional collaboration is underway to establish capabilities for the first version of Asia/Pacific regional SWIM. This seminar will feature key players sharing their experiences in selecting implementation options and business models for their SWIM technical infrastructure and information services. They will also discuss lessons learned from acquiring technical solutions to address operational use cases.

Moderated by	Amornrat Jirattigalachote
	(ICAO Asia/Pacific SWIM Task Force Co-Chair)
	Strategic Planning Manager (Engineering)
	Aeronautical Radio of Thailand Ltd. (AEROTHAI)
Facilitated by	Soniya Nibhani
