## Thirteenth Meeting of the Asia Pacific Accident Investigation Group (APAC-AIG/13)

(New Delhi, India, 30-31 October 2025)

### Agenda Item 4: Enhancing Accident Investigation Capabilities

#### UPDATE ON WORK BY TASK FORCE 6 – REGIONAL CALENDAR OF EVENTS

(Presented by Australia)

##### SUMMARY

This paper presented by Task Force 6 provides an update on the proposed implementation of a calendar of events to APAC AIG members.

### 1. INTRODUCTION

1.1 During the APAC-AIG/11 meeting, a Task Force was formed comprising of an Expert Group (EG) of volunteers to improve the communication of activities, meetings, regional workshops/ courses etc via a one-stop calendar of regional events.

1.2 This paper updates the APAC AIG of the progress of this task.

### 2. DISCUSSION

2.1 Many APAC Regional States/ Administrations hold events, workshops and courses that would be beneficial for other States to participate in to improve the accident investigation capability in the region.

2.2 Collecting and publishing a calendar of all the events scheduled for the region would improve communication and allow States to be aware of potential training opportunities.

2.3 The expert group of volunteers from Australia held meetings and provided an update at the APAC AIG meeting in 2024 to update on the progress of this work. Following this it was determined that:

- a) Every six months, States/ Administrations can provide the details of any upcoming events, workshops and courses that are open to external participation. Information to be provided will include:  
Date of event, topic and type of event (training/ workshop/ course), mode of delivery (in-person/virtual), contact details and any associated costs.
- b) Information collected will then be collated into an annual 12 month rolling calendar and be made available to APAC AIG members.
- c) The APAC regional office will also contribute other ICAO events to the calendar.

**3. ACTION BY THE MEETING**

3.1 The Meeting is invited to commit to contribute their activities to the calendar every six months.
