SUMMARY

This paper presents and update of the content in the New Zealand hosted CRV portal.

1. INTRODUCTION

1.1 The New Zealand hosted [CRV Portal](#) provides information such as the Operations Manual, Transition Plan and Common Package for all CRV Users. Having this portal provides the flexibility of updating the various documents and providing access to these under the control of the CRV Operations Group.

2. DISCUSSION

2.1 The contents of the portal remain reasonably stable with the main updates being to the Operations Manual, Common Package items and the Implementation Progress updates from PCCWG.

2.2 Recent additions to the portal include the following:

- [Ad Hoc meeting](#) agendas, minutes and supporting documents grouped per group, Experts, Governance and SWIM
- Action Item lists for the Ad Hoc groups and the CRV OG.
- A Reporting folder has been added to collect updates from PCCWG.
- A Service Provider or Consumer Requests folder has been added to collect those requests.
- An Inter Network Connections folder has been added to collect the information provided during discussions with PENS, MEVA and REDDIG network entities.

2.3 Future enhancements include the provision of a sitemap and a history and timeline of the CRV is being developed.

3. ACTION BY THE MEETING
