ANSP Committee (AAC/6)  
(Da Nang, Viet Nam, 06 July 2026)

**Action required:** To complete online registration and

Dear Sir/Madam,

I have the pleasure of inviting CEOs or Chiefs of ANSPs of APAC States and their delegates, as well as CANSO, IATA and IFATCA representatives, to participate in the **sixth meeting of the APAC ANSP Committee (AAC/6) on 6 July 2026 in Da Nang, Viet Nam**. I would like to take this opportunity to thank the host of the meeting, Viet Nam Air Traffic Management (VATM).

The objectives of the APAC ANSP Committee are for the ANSPs of APAC States to work more closely with each other in order to accelerate the development of regional ANS initiatives in anticipation of traffic growth in a safe, efficient and sustainable manner. At its first meeting in 2023, the APAC ANSP Committee agreed to adopt a framework to organise the work of the Committee into four work streams:

- WS1: “Step up investments in ANS capacity and capabilities and share requirements and best practices in the procurement of ANS systems”.
- WS2: “Accelerate the development and implementation of Seamless ANS and collaborate on green initiatives to enhance ANS Sustainability”.
- WS3: “Collaborate on business continuity and contingency planning”.
- WS4: “Formation of an Oceanic Working Group specifically focusing on the operations of the oceanic ANSPs”.

Enclosed herewith are the AAC/6 Provisional Agenda (Attachment A) and the Meeting Bulletin (Attachment B). Further information and documentation will be published through the meeting webpage available at <https://www.icao.int/APAC/meetings>. You will also find the registration link and working paper/information paper template. I request that you kindly complete the online registration of the delegate(s) from your ANSP and submit papers by 19 June 2026.
