

International Civil Aviation Organization
Asia and Pacific Office

Twenty-fifth Meeting of the Asia Pacific Regional Aviation Safety Team (APRAST/25)

(Bangkok, Thailand, 22 to 26 June 2026)

Agenda Item 4: Presentations – State / Industry / ICAO / Focused Discussion

UPCOMING ICAO APAC SAFETY-RELATED EVENTS AND ACTIVITIES

(Presented by the Secretariat)

SUMMARY

This paper provides information on upcoming ICAO Asia and Pacific (APAC) Regional Office safety-related events and activities planned in 2026 to support States, Administrations and industry stakeholders in implementing regional and global aviation safety priorities.

1. INTRODUCTION

1.1 The ICAO APAC Regional Office, including through COSCAP-SEA and in cooperation with ICAO Headquarters, States, Administrations and industry partners, continues to support the region through safety-related workshops, courses, sharing sessions and capacity-building activities.

1.2 These activities are intended to support regional safety implementation, capacity-building, safety promotion, and the sharing of experiences and good practices among States, Administrations and industry stakeholders.

2. DISCUSSION

2.1 The following safety-related events and activities are planned in 2026:

2.2 States/Administrations and industry stakeholders are encouraged to participate in relevant activities and share experiences, good practices and implementation challenges to support regional safety improvement.

2.3 Further information, including registration details and administrative arrangements, will be provided through ICAO State Letters, meeting correspondence or other appropriate channels. Additional information on ICAO APAC meetings and events is also available on the [ICAO APAC Meetings webpage](#).

3. ACTION BY THE MEETING

3.1 The Meeting is invited to:

- a) note the upcoming ICAO APAC safety-related events and activities;
- b) encourage States/Administrations and industry stakeholders to participate in relevant activities; and
- c) share relevant experiences, good practices and areas where further regional support may be needed.
