## EU-ASEAN Sustainable Connectivity Package Aviation Partnership Project

### COSCAP-SEA & EASA Flight Time Limitation / Fatigue Risk Management Systems (FTL/FRMS) for Civil Aviation Authorities and Operators Workshop Bangkok, Thailand, 26 - 28 October 2026

#### AGENDA

1. Foundations on competence of inspectors involved in approval/oversight of FTL/FRM.
2. Competence and training requirements of operator's personnel.

|               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 15:00 – 15:15 | <b>COFFEE BREAK</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
