**SCHEDULE OF MEETINGS/SEMINARS/WORKSHOPS
TO BE CONVENED IN 2027 BY
THE ICAO ASIA AND PACIFIC OFFICE**

Presented by the ICAO Secretariat

SUMMARY

This Paper provides a tentative schedule of Meetings, Seminars and Workshops planned to be convened in the year 2027 by the ICAO APAC Office. The information is presented to States/Administrations and International Organizations for advance planning/budgetary purposes only and may be subject to change. A formal letter of invitation will normally be issued at least 2 months prior to each event and posted on ICAO APAC website at www.icao.int/apac. Other special co-ordination and task force/working group meetings will also be convened during the year 2027, as necessary.

SCHEDULE OF MEETINGS/SEMINARS/WORKSHOPS TO BE CONVENED IN 2027 BY THE ICAO ASIA AND PACIFIC OFFICE

1. INTRODUCTION

1.1 Each year, the ICAO Asia and Pacific Regional Office conducts an extensive programme of meetings, seminars and workshops to support the implementation of ICAO strategic objectives and regional priorities. The programme aims to:

- facilitate effective coordination and harmonization of regional planning and implementation activities;
- enhance awareness and understanding of ICAO Standards, Recommended Practices (SARPs), policies and guidance material;
- obtain feedback from States/Administrations and industry stakeholders on implementation experiences, challenges, and emerging requirements; and
- strengthen the capacity of States/Administrations through the delivery of targeted training and implementation support activities.

1.2 Most meetings organized by the Regional Office are conducted in support of the work programmes of the Asia/Pacific Air Navigation Planning and Implementation Regional Group (APANPIRG), the Regional Aviation Safety Group – Asia and Pacific Regions (RASG-APAC), and the Regional Aviation Security Coordination Forum (RASCF). In addition, the Regional Office provides meeting facilities and/or virtual platforms, secretariat services, and coordination support for meetings of ATS Coordination Groups, COSCAP programmes, and other regional and global events.

1.3 Through this comprehensive programme of meetings and training activities, the Regional Office provides a valuable platform for States/Administrations and stakeholders to engage in continuous dialogue and cooperation, thereby facilitating the harmonized planning and implementation of aviation systems across the region. The seminars and workshops further contribute to regional capacity-building efforts and support the effective implementation of ICAO provisions. The Regional Office expresses its appreciation to all Civil Aviation Authorities and International Organizations for their continued support and for the active participation of their experts and officials, which significantly contributes to the achievement of regional objectives.
