**1. INTRODUCTION**

1.1 Since 2005, the ICAO Asia/Pacific Regional Office had maintained a contact list to address operational deficiencies notified by operators, in accordance with the following APANPIRG Conclusion:

***Conclusion 16/62 – State focal point for safety-related activities***

*That, Asia/Pacific States notify to the Regional Office by the first quarter of 2006 a responsible contact officer or position to act as a focal point for safety related activities and in particular for the submission and coordination of ATS incident reports.*

**2. DISCUSSION**

2.1 Conclusion 16/62 required the nomination by States of a Contact Officer or position to act as the Point of Contact (POC) for ATS safety-related activities and in particular for the submission and coordination of ATS incident reports and for the rectification of ATS operational deficiencies.

2.2 From time to time the ICAO Asia/Pacific Regional Office also needs to contact the operational Air Navigation Service Provider (ANSP) or other appropriate personnel for coordination and/or clarification of other air navigation and airspace safety issues.

2.3 The ATM Points of Contact is a consolidated resource, including, *inter alia*, Airport Collaborative Decision Making (A-CDM), Administrative (ADM), Aeronautical Information Service (AIS), Asia/Pacific Region ATS Route Catalogue (ARC), Air Traffic Control (ATC), Air Traffic Flow Management (ATFM), Contingency Coordination Team (CCT), Safety - Airspace Safety Monitoring and FIT (SAF) and Search and Rescue (SAR) POCs. The ATM Points of Contact has been presented to all ATM-related meetings for their consideration.

2.4 The ATM Points of Contact (**Attachment A**) will be separately circulated by the Secretariat to all registered participants for update. Relevant FANS Interoperability Team (FIT) contacts should be recorded under ‘SAF’.
