

Announcement
**New Procedure for Reporting ATM/ATFM Status Update
and Participating in the Asia/Pacific Bi-Weekly ATFM Web Conference**

To streamline the submission of **ATM/ATFM Status Update** by Asia/Pacific States/Administration as in conjunction with the **Asia/Pacific Bi-Weekly ATFM Web Conference**, and to relocate the consolidated information to a more dynamic webpage, the procedure for reporting ATM/ATFM Status update has been revised to be as follow:

1. **States/Administration representatives can provide ATM/ATFM Status Update by submitting the form online at <https://bit.ly/apac-biweekly-form>.**
2. **An online spreadsheet showing consolidated information from the States/Administration's submissions can be viewed at <https://bit.ly/apac-biweekly-report>.** A filtering function to view the information from a specific State/Administration is provided.

The reporting form and consolidation sheet is maintained by Thailand. Any questions regarding the use of the form and/or the consolidation sheet should be directed to Mr. Sagoon Fucharoen at sagoon.fu@aerothai.co.th.

Note that the reporting form and consolidation sheet is an interim platform until a more suitable and secure information exchange/CDM platform for the Asia/Pacific region can be implemented.
