

WORKING PAPER

**DANGEROUS GOODS PANEL (DGP)
MEETING OF THE WORKING GROUP OF THE WHOLE**

Montréal, 15 to 19 October 2012

Agenda Item 2: Development of recommendations for amendments to the Technical Instructions for the Safe Transport of Dangerous Goods by Air (Doc 9284) for incorporation in the 2015-2016 Edition

2.8: Part 8 — Provisions Concerning Passengers and Crew

SECURITY TYPE EQUIPMENT

(Presented by B. Carrara)

SUMMARY

This paper proposes the exclusion of security type equipment from the text of 8;1.1.1.

Action by the DGP-WG is in paragraph 2.

1. INTRODUCTION

1.1 Part 8;1.1.1 of the Technical Instructions prohibits the carriage of security type equipment such as attaché cases, cash boxes, cash bags, etc., by passenger or crew.

1.2 On the other hand, the 2011-2012 Edition of the Technical Instructions introduced a provision to carry such equipment in 8;1.1.2 y) (item 30 of Table 8-1 in the 2013-2014 Edition).

1.3 Since the Technical Instructions provide a way to carry security type equipment in Table 8-1, they are not “totally forbidden” anymore, leaving no reason to maintain them as forbidden in paragraph 1.1.1 of Part 8.

2. ACTION BY THE DGP-WG

2.1 The DGP-WG is invited to delete security type equipment from Part 8;1.1.1 as shown in the appendix to this working paper.

APPENDIX

PROPOSED AMENDMENT TO THE TECHNICAL INSTRUCTIONS

Part 8

**PROVISIONS CONCERNING
PASSENGERS AND CREW**

...

Chapter 1

**PROVISIONS FOR DANGEROUS GOODS
CARRIED BY PASSENGERS OR CREW**

Parts of this Chapter are affected by State Variations CH 1, US 15; see Table A-1

1.1 DANGEROUS GOODS CARRIED BY PASSENGERS OR CREW

1.1.1 Except as otherwise provided in 1.1.2, dangerous goods, including excepted packages of radioactive material, must not be carried by passengers or crew members, either as or in carry-on baggage or checked baggage or on their person. ~~Except as provided for in Table 8-1, 30), security type equipment such as attaché cases, cash boxes, cash bags, etc., incorporating dangerous goods, for example lithium batteries or pyrotechnic material, are totally forbidden; see entry in Table 3-1.~~ Personal medical oxygen devices that utilize liquid oxygen are forbidden either as or in carry-on baggage or checked baggage or on the person. Electroshock weapons (e.g. tasers) containing dangerous goods such as explosives, compressed gases, lithium batteries, etc., are forbidden in carry-on baggage or checked baggage or on the person.
