INTERPRETATION OF "ON ONE'S PERSON" (RELATED TO WP/18)

(Presented by R. Richard)

1. INTRODUCTION

1.1 WP/18 indicates that "carry on baggage" is not considered "on one's person". The US DOT has a long standing interpretation of what is considered "on one's person". On one's person is defined as follows:

On one's person means any item carried aboard an aircraft by a passenger, including what would otherwise be construed as *"carry-on baggage"*. Therefore, a passenger is authorized to carry safety matches or lighters onto an aircraft in their clothing, carry-on baggage, fanny pack, purse, briefcase, or any other item under his control. However, the phrase "on one's person" does not include those items which are considered "checked baggage".
