DANGEROUS GOODS PANEL (DGP)

MEETING OF THE WORKING GROUP OF THE WHOLE

Abu Dhabi, 4 to 8 October 2004

RECOMMENDED CHANGES TO TABLE 3-1 REGARDING INFECTIOUS SUBSTANCES

(Presented by J. Code)

1. INTRODUCTION

1.1 At the ICAO DGP, it was decided that following ratification by the UN, an addendum to the 2005/2006 TI's should be issued which adopts certain amendments made by the UN.

2. RECOMMENDATIONS

2.1 For the sake of user friendliness, in the addendum to 2005/2006 edition of the TIs, a reference should be included in Table 3-1 beneath **Infectious Substances** that refers the reader to **Diagnostic Specimens**, **Clinical Specimens** and **Biological Substance**, **Category B**.

2.2 It is also recommended that for the 2007/2008 edition of the TIs the **Diagnostic Specimens** and **Clinical Specimens** entries should say 'See **Biological Substance**, **Category B'.**
