ICAO UNITING AVIATION

NO COUNTRY LEFT BEHIND

Third meeting of the AFI SECFAL Steering Committee

Malabo, 1 July 2016

Plan of Action related to Aviation Security and Facilitation Training

Background

- 1st meeting SC Maputo on 18 May 2015 decided on training needs survey
- Survey carried out July-October 2015 via
  - Questionnaire (53/54 replies)
  - Visits States – Stakeholders – ASTC's

Summary of Findings

- **Need assistance**
  - **Updating NCASTP's,**
  - **Airport/airline Security Training Programmes**
  - **Certification systems**

- **Other findings**
  - **ASTC's**
  - **Blended learning**
  - **New courses**
  - **Subregional cooperation**
  - **FAL**

Windhoek Declaration

- **All States written NCASP including NCASTP and National Air Transport FAL Programme by end of 2017;**
- **All states to develop avsec and fal training capacities by 2023**

Recommendations and Plan of Action

- **Assist States to fully review and/or develop their NCASTP's by the end of 2017**
  - ✈ **Conduct NCASTP workshops on local / regional level**

- **Assist States in implementing certification systems (instructors, screeners, inspectors)**
  - **Conduct workshops on certification systems**
  - **Coordinate bilateral and multilateral coaching and mentoring**

- **Assist states by providing guidance on the establishment of an adequate training infrastructure and environment**
  - ✈ **Conduct training activities**

- **Explore ways to increase the use of existing ASTC capacity**
  - **Facilitate access to training (recommendation of 1st Symposium)**
  - **More efficient use of ASTC's**
  - **Convene regional ASTC Directors meeting**

- **States are encouraged to further develop subregional cooperation mechanisms**
  - ✈ **Pilot projects to be considered**

- **Address lack of capacity within States to develop courses / adapt courses to existing needs**
  - ✈ **Conduct training developers courses regionally**

Develop guidance blended learning and elearning

Establish pilot projects

- Windhoek declaration
- Recommendation RASFG-AFI2
- Request of 1st AVSEC FAL Symposium Malabo

Who ?

- ASTC's and other interested stakeholdes
- Other interested partners

- **E-learning reaches a wider target audience**
  - **Engaging students having difficulty to attend classroom training due to:**
    - **Geographical dispersion**
    - **Time Limitations**
    - **Limited resources to travel**

- Where regional, national or local contexts differ, generic e-learning alone cannot fulfil the training needs
- Options are to develop context-specific e-learning modules combined with live training or develop a live training component that follows the generic e-learning

- **Develop training based on outcome of training needs survey**
  - ✈ **Familiarisation course senior management**
  - ✈ **Develop courses based on needs and funding**

- **Further coordinate assistance activities**
  - **Compile list of all available courses and workshops**

- **Assist states in development of National Air Transport Facilitation Programmes**
  - **Develop and implement related courses and workshops**
  - **Recommendation RASFG-AFI2 and of 1st AVSEC FAL Symposium**

- **Encourage States to integrate avsec/fal in HRD**
  - ✈ **Conduct seminars and meetings**

- This plan of action can only be fully implemented if appropriate human / financial resources are made available by donor states and organizations
- Insofar this plan of action is approved, detailed projects will be developed
