

EUR.SPT.0044	Good practices for the integration of operator’s FDA data with other safety data sources and for FDA techniques	
<i>States in partnership with ICAO, EASA, industry, other regional and international organisations should establish good practices that help an operator in integrating its FDA data with other safety data sources.</i>		
<i>States in partnership with ICAO, EASA, industry, other regional and international organisations should support effective use of FDA as part of AOC holders’ SMS, in particular by promoting the good-practice documentation for operators on techniques to implement FDA events and measurements and to tailor FDA results for use by the SMS.</i>		
<i>The EOFDM developed good practice documentation on FDA techniques, published in December 2021:</i> EOFDM WGC – Flight data monitoring, analysis techniques and principles (Initial issue, unedited)		
Status	ongoing
