ICAO AVSEC Training Center - Tunisia

AFSAC Introduction

- ASTC Tunis is a Tunisian company founded in 2009 by Mr Hassen Seddik;
- Provides Aviation training services on National level under the tunisian civil aviation authority and international one further to ICAO accreditation;
- It remains the first civil aviation security training center authorized to conduct security courses in accordance with national legislation in Tunisia.

ICAO AVSEC Training Center - Tunisia

AFSAC Introduction

In April 2017, AFSAC has been awarded the ICAO AVSEC Accreditation, after an evaluation conducted in December 2016.

Which is considered as a concrete recognition by ICAO of the credibility and professionalism of AFSAC, its organization and its team.

Tunisia is an ICAO member State, cooperating with the European and North Africa States, under ICAO Regional Office in Paris (EUR/NAT office in PARIS) guidance according to ICAO rules.

The geographic location in North Africa of the ASTC TUNISIA is considered as a big privilege.

ICAO AVSEC Training Center - Tunisia

AFSAC Introduction

- AFSAC Tunisia is a credible partner in the training and development of competences in Aviation industry; and the related
- ASTC contributes to the training of highly-qualified Civil Aviation personnel in the national level especially CAA personnel; national airlines, airport operators.

The Majority of accredited national instructors and inspectors was trained in the ASTC-Tunis.

GASep Goal *(Reminder)*

*To achieve and maintain a strong Aviation Security system that underpinned
by full and effective implementation ICAO Aviation Security Standards
in all Member States.*

ICAO AVSEC Training Center - Tunisia

Objective

- The GAsEP provides guidance for priority setting at the International, Regional and State levels, creates a framework within which ICAO, States and stakeholders can work together to meet share objectives, supports ICAO' NCLB to address common challenges, and guides efforts to jointly further enhance aviation security..
- GAsEP highlights six Global Priority Areas.

ICAO AVSEC Training Center - Tunisia

GASeP implementation in Tunisia

- In 2013, in order to support Tunisian State, AFSAC Tunisia accepted to host both the National Inspector course and the Basic course offered to the Tunisian DGAC personnel and other aviation stakeholders in collaboration with EUR/NAT office;
- AFSAC offers each year Security Awareness courses to the Tunisian aerodromes personnel;

GASeP Implementation in Tunisia

The training subject topics:

- Security and Facilitation;
- Risk management;
- Aviation legislation and International Regulations for Security;
- Ground Operations & Cargo operations;
- Airport Planning, Operations and Management (*Security side*);
- Airline operations and Quality Management for the Security levels;
- ..

GASeP implementation in Tunisia

Conclusion

- ASTC Tunisia is providing a valuable support & assistance to the DGAC for an effective & efficient implementation in Tunisia of the GASeP related Security recommendations & ICAO provisions (Annex 17).
- Deep training and best practices provided to DGAC inspectors & technical personnel for a better understanding/implementation of the Security aspects, in compliance with the GASeP;
- The ASTC support to the DGAC will contribute not only to a better use of security technology in aviation security and capacity development.
