Solutions

- ❑ Differences in National Regulations:

Agree on Minimum Common Standards

- ❑ Limited Funding in Some States:

Seek International Funding (ICAO, donors)

- ❑ Reluctance to Share AVSEC Sensitive Information:

Build Secure Communication Platforms

- ❑ Weak Communication Channels:

Promote a Culture of Trust and Confidentiality

Conclusion

- ❑ Strengthening the methodology of experience sharing in aviation security among regional states is a strategic step toward ensuring the safety of civil aviation and aviation infrastructure.
- ❑ Experience sharing in aviation security depends on transparency and multi-level cooperation — from training to shared technology — aiming to achieve a "zero terrorist incident" objective in the aviation sector.
