

# MENA ARCM/8 COMMITTEE MEETING

---

Riyadh, Tuesday, 4 November 2025

# PRESENTATION AGENDA

## OVERVIEW

Summary of work done and action items of the previous MENA ARCM/7 Committee meeting

## ACTIVITIES UPDATE

Updates on the activities has been completed since the last MENA ARCM/7 Committee meeting

## NEXT STEPS

Discuss the preparation of planned activities and the host of next meeting

A large commercial airplane is parked on a tarmac in front of a large airport terminal building. The scene is dimly lit, suggesting dusk or dawn. The airplane is a wide-body jet with four engines. The terminal building has a curved roof and many windows. The overall tone is dark and professional.

# INTRODUCTION

This presentation follows up on the discussions and progress shared during MENA ARCM meetings 2 through 7. It aims to update the Committee on the current status and recent activities related to the MENA ARCM database, ongoing technical assistance, and the shared folder implementation.

## Key Deliverables

- Presented the questionnaire responses and statistical analysis of the current database
- An update of the share folder and its features.
- Statistics of the technical assistance requests among the state members.

## Action Items

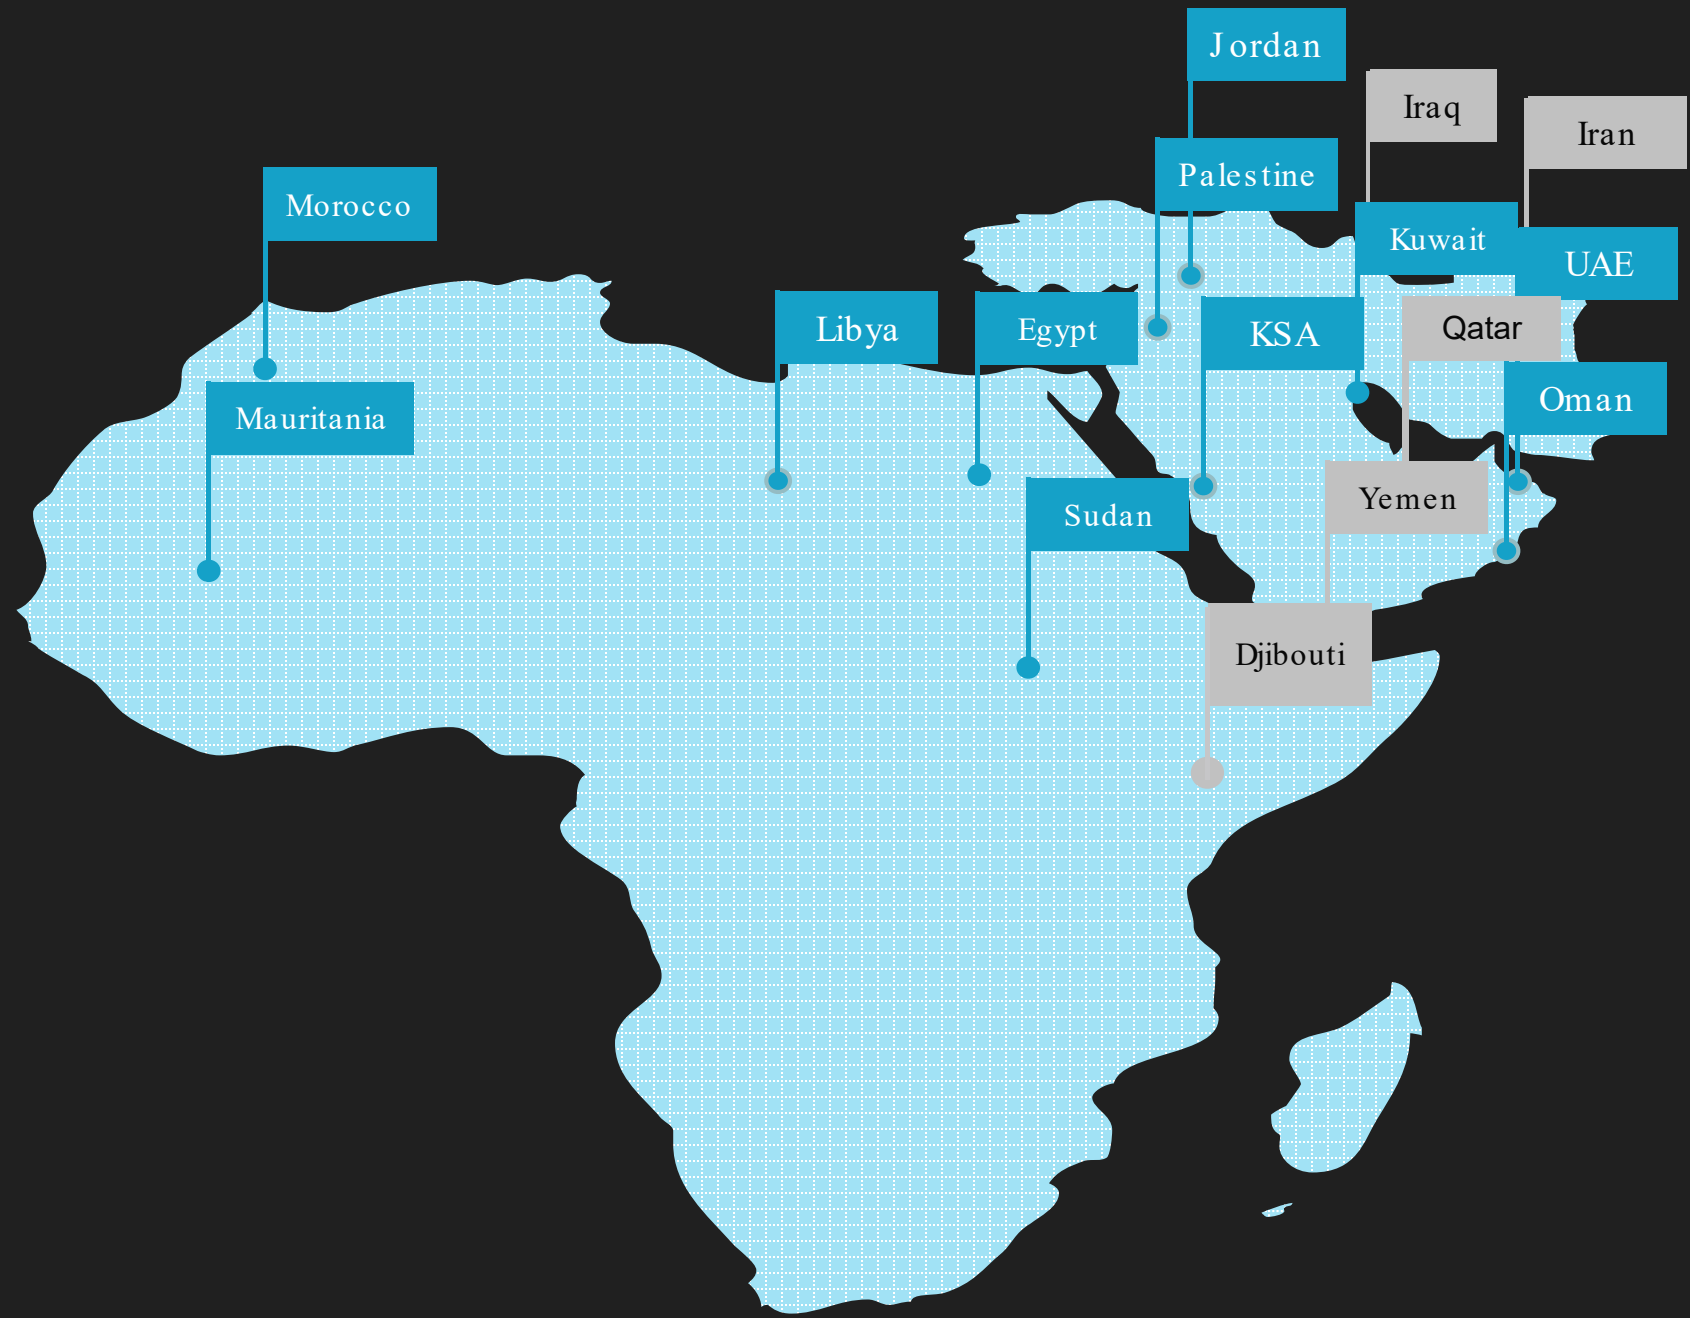

- Re-invite State Members, who didn't respond, to submit and complete the database questionnaire.
- Support states in the registration process and using the share folder
- Draft the initial framework of the establishment of Safety recommendation platform
- Develop Terms of Reference (ToRs) and nomination mechanism for the MENA ARCM Coordinator.
