**Subject: Sixth Meeting of the Frequency Management Working Group (FM WG/6)
(Cairo, Egypt, 27-28 September 2026)**

Action Required: Reply not later than 5 September 2026

Sir/Madam,

I have the honour to inform you that the Sixth Meeting of the Frequency Management Working Group (FM WG/6) will be held at the ICAO Middle East Regional Office, Cairo, Egypt, **from 27 to 28 September 2026**, back-to-back with the GNSS/PBN Workshop (29 Sep. - 1 Oct. 2026). Your Administration/Organization is kindly invited to participate in this meeting.

The meeting will address critical frequency-related issues, including the implementation of measures to alleviate frequency congestion in the MID Region, implementation of spectrum regulator measures to reduce the risk of GNSS interference, and preparations for the 2027 World Radiocommunication Conference (WRC-27). The meeting will be supported by the participation of the Arab Spectrum Management Group (ASMG); therefore, you are strongly encouraged to share this invitation with your national radio regulatory authority and ensure that your delegation includes representatives of the radio regulator to facilitate their participation in the discussions.

The Provisional Agenda of the FM WG/6 meeting is at **Attachment A**. Your comments on the Provisional Agenda, including any amendment you may wish to suggest, would be appreciated and given due consideration. The invitation letter of ICAO MID GNSS/PBN Workshop is at **Attachment B**.

I would be grateful if you could, as soon as possible, preferably not later than **5 September 2026**, confirm the participation of your Administration/Organization by completing the online registration, using the following link: [Registration Link](#). Additional information for participants, including the MID Office Bulletin and the Hotel List, is available on the ICAO MID Office website: [MID Bulletin](#).

Should you require any further information regarding this meeting, please contact Mrs. Muna Alnadaf, Technical Officer, Communications, Navigation and Surveillance (malnadaf@icao.int) with copy to (icaomid@icao.int).

Accept, Sir/Madam, the assurances of my highest consideration.

for/ Mohamed Khalifa Rahma
Officer In Charge
ICAO Middle East Office

1 July 2026

**Subject: ICAO MID Workshop on GNSS and PBN
(Cairo, Egypt, 29 September to 1 October 2026)**

Action required: Reply not later than 10 September 2026

Sir,

I have the honour to inform you that the ICAO MID Global Navigation Satellite System (GNSS) and Performance-Based Navigation (PBN) Workshop will be held at the ICAO Middle East Regional Office, Cairo, Egypt, **from 29 September to 1 October 2026**. Your Administration/Organization is kindly invited to participate in this Workshop.

The Workshop aims to bring together States and relevant stakeholders to address the increasing impact of GNSS Radio Frequency Interference (RFI) on aviation safety and operational efficiency. It will provide a regional forum to exchange information on recent developments, operational experiences, lessons learned and best practices related to GNSS interference, while discussing practical measures to strengthen monitoring and reporting mechanisms, mitigation strategies and operational resilience. Particular emphasis will be placed on GNSS contingency and reversion strategies supporting PBN operations throughout all phases of flight, together with a table-top exercise to enhance States' capabilities and preparedness for responding to GNSS RFI incidents.

The Provisional Work Programme of the Workshop is at **Attachment A**. The Bulletin describing administrative arrangements and hotel lists for the Workshop and other useful information for participants is provided at: <https://www.icao.int/MID/Pages/MID-Office-Bulletin.aspx>

The Workshop is intended for personnel from civil aviation authorities, air navigation service providers and international organizations. In view of the multidisciplinary nature and expanded scope of the Workshop, States are strongly encouraged to nominate participants from the relevant operational, technical and regulatory disciplines, particularly experts responsible for CNS and PBN implementation and oversight.

To facilitate the exchange of regional experiences and best practices, States are also invited to deliver a short presentation highlighting recent developments, operational challenges, lessons learned and mitigation measures related to GNSS interference and resilience, including any national initiatives concerning contingency arrangements, MON implementation or PBN operations.

../.

I would appreciate if you could, as soon as possible, preferably not later than **10 September 2026**, confirm the participation of your Administration/Organization, giving the names and contact details of your delegate(s) by submitting the Nomination Form at **Attachment B** to icaomid@icao.int.

Accept, Sir, the assurances of my highest consideration.

for/ Mohamed Khalifa Rahma
Officer in Charge
ICAO Middle East Office
