Registration of participants

Formalities

The registration centre will be in operation at the Conference Centre located at ICAO Headquarters on Sunday, 19 March 2006 from 1300 to 2200 hours, and daily from 20 to 21 March 2006 from 0800 to 1700 hours. Upon registration, participants will be issued an identification badge which will be required for access to the Conference Centre and for obtaining the necessary documentation.

List of participants

A list of participants who have registered by 1600 hours on the first day will be distributed. This list will be revised and corrected as necessary.

Participants should notify the registration desk about amendments and corrections to the list.

Identification of participants and security

Security guards have strict instructions not to allow access to the ICAO premises to persons not wearing an ICAO building security pass. The pass must be worn visibly at all times while on the premises.

The Conference lapel badge, which is issued to each participant upon registration on the first floor, will serve as a building security pass and permit access to the conference block and the office tower. Although special care should be taken not to lose these badges, registration personnel will provide replacements upon proper identification.

Early departure of participants

Participants who depart before the end of the Conference are requested to notify the Document Distribution Satellite on the fourth floor of the Conference Centre.

Conference arrangements

Place of meeting

The Conference will be held at ICAO Headquarters, 999 University Street, Montréal, Quebec, Canada.

Opening meeting

The Conference will begin with opening formalities at 0900 hours on Monday, 20 March 2006, in the Assembly Hall on the fourth floor of the Conference Centre. In view of the limited time available, there is no provision for opening statements. Following the formalities, the Conference will proceed immediately to the first agenda item.

Hours of work

Except when decided otherwise, the working hours for the Conference will be 0900 to 1230 hours and 1400 to 1730 hours Monday through Tuesday and from 0900 to 1230 hours on Wednesday.

Wireless network facility

The ICAO Assembly Hall is equipped to offer Internet connectivity from each seat through a wireless network for attendees who bring their own portable computers. Electrical power is available at almost every seat. Several radio frequency access points have been installed in the Assembly Hall, enabling delegates to access Internet facilities (including the ICAO-NET website and web-based e-mail) from their seat by means of a special wireless network facility. Instructions on how to use the network facility have been posted in all languages on the “Reference Documents and General Information for Delegates” link on the ICAO website.

Documentation and language facilities

Documentation

In line with the policy of the Organization to reduce the volume of printed documentation, the primary means of distribution for documents prior, during, and after the Conference will be through the ICAO website. Upon registration, each participant will be asked to state the language in which documentation is required. Participants are asked to limit their requests for documentation to the minimum necessary.

In addition one complete set of printed documents will be provided to each delegation at registration.

Documentation produced during the Conference will be available in printed form at the Document Distribution Satellite located on the fourth floor of the Conference Centre. Each participant will be allocated a distribution box, and the box number will be inscribed on the Conference lapel badge.

Statements by delegations

There will be no opening statements. Following the opening formalities, the Conference will proceed immediately to the first agenda item.

Reference documents

All documents and publications related to the agenda for the Conference can be accessed on the ICAO website.

Other publications issued by ICAO on a variety of subjects may be purchased from the Internal Distribution counter on the first floor, telephone extension 8109.

Library and Index of ICAO Publications

Participants are invited to avail themselves of the ICAO Library facilities, located on the first floor near the main entrance. The Library personnel also prepare the *Index of ICAO Publications* and would be glad to provide document reference services. Please consult the office of the Librarian at telephone extension 6232.

Languages

Facilities for simultaneous interpretation from and into English, Arabic, Chinese, French, Russian and Spanish will be available.

Documentation, depending on its nature and in accordance with the rules of conduct of the meeting, will be available in all languages (English, Arabic, Chinese, French, Russian and Spanish) or only in selected languages.

Communication facilities

Computers

Computer workstations with Internet browsers will be available on the first floor of the Conference Centre for participants who do not have their own portable computers.

Postal and telecommunication services

Outgoing mail, telecommunications and other message services cannot be provided by the Organization. Those participants desiring assistance in these matters may contact the office of the Chief, Registry, Distribution and Sales Section, third floor, Room 3.05, telephone extension 6303.

When calling an extension within the office tower, the four-digit extension may be dialled directly. When making a local call outside the building, “9” must be dialled before the outside number.

The internal telephones located in the Conference Centre cannot be used for direct long-distance calls. Long-distance calling cards may be purchased in the lobby of the Conference Centre from 1230 to 1400 hours daily.

The use of cellular phones is prohibited in all conference rooms.
