

GLOBAL AIR TRAFFIC MANAGEMENT FORUM ON CIVIL/MILITARY COOPERATION

ICAO Headquarters, Montréal, Canada
19 to 21 October 2009

Mr.

Andrew Beadle

**IFATCA Representative to ICAO
International Federation of Air Traffic Controllers' Associations (IFATCA)**

Mr Andrew Beadle worked as an Australian civilian Air Traffic Controller for 28 years until leaving operational duties in 2006. Most of the time, Andrew worked directly controlling traffic and often worked in cooperation with military activities. He has worked in all areas of air traffic control and with all types of air traffic control equipment, starting with very basic equipment and finishing using an advanced integrated display. In addition to his control duties, Andrew has spent considerable time representing the interests of controllers, especially technical issues.

Andrew is the International Federation of Air Traffic Controllers' Associations (IFATCA) Executive Vice President Technical and the author of IFATCA's Statement on Future ATM. Andrew is a member of the International Civil Aviation Organization (ICAO) Air Traffic Management Requirements and Performance Panel and was involved in the creation of the Global ATM Operational Concept and Manuals on ATM Requirements and Performance of the Air Navigation System. Andrew is IFATCA's representative on the ICAO Air Navigation Commission.
