Yesterday's meeting, Sunday, 29 September 2019

Fifth Meeting of the Executive Committee

At its Fifth Meeting, held on Sunday, 29 September 2019 at 0900 hours, the Executive Committee considered Agenda Item 15 (Environment protection – General provisions, aircraft noise and local air quality – Policy and standardization), on the basis of two papers presented by the Council (WPs/54 and /57) and related papers. It agreed to recommend to the Plenary for adoption the revised Consolidated statement of continuing ICAO policies and practices related to environmental protection – General provisions, noise and local air quality proposed by the Council in WP/57, as amended during the discussion.

The Secretary General then informed the Executive Committee of ICAO's attendance to the UN Climate Action Summit convened in New York on 23 September 2019. She explained that ICAO had highlighted the decisions and important achievements in addressing international aviation CO₂ emissions, and the importance of partnerships among ICAO Member States, the aviation industry and other stakeholders to accelerate progress in implementing the ICAO basket of market-based measures, as a global coalition for sustainable aviation.

The Executive Committee then commenced consideration of Agenda Item 16 (Environmental protection – International aviation and climate change – Policy and standardization), which was documented in WPs/55 and /58 presented by the Council and related papers. While there was support for the revised Consolidated statement of continuing ICAO policies and practices related to environmental protection – Climate change as presented in WP/58, it was agreed that the Chairperson, the President of the Council and the Secretariat would consult with States and that the Committee would return to this item at a later meeting.

Sixth Meeting of the Executive Committee

At its Sixth Meeting, held on Sunday, 29 September 2019 at 1415 hours, the Executive Committee considered Agenda Item 17 (Environment protection – Carbon offsetting and Reduction Scheme for International Aviation (CORSIA)) on the basis of WPs/56 and /59 presented by the Council and related papers. The overwhelming majority of States were in support of the proposed revised Consolidated statement on CORSIA as presented in WP/59, which would be forwarded to the Plenary for adoption.

The Executive Committee then returned to Agenda Item 16 (Environmental protection – International aviation and climate change – Policy and standardization), with the President of the Council reporting on the outcome of the consultations by him, the Chairperson and the Secretariat with States regarding the revised Consolidated statement of continuing ICAO policies and practices related to environmental protection – Climate change presented by the Council in WP/58. The President of the Council proposed that the revised Consolidated statement be accepted in the form presented. The overwhelming majority of States were in agreement. It was noted, however, that, if necessary, the Committee could return to this item again, after Delegates had reviewed the changes proposed thereto by China, India and the Russian Federation which were posted on the A40 website at:

<https://www.icao.int/Meetings/a40/Pages/documentation-reference-documents.aspx>.

The Executive Committee thereafter considered the seven Sections of Agenda Item 14 (Facilitation Programmes), which were documented in WPs/6, /8, /5, /60, and /61 and IP/7 presented by the Council and related papers. Due to the lack of time, not all Delegations could present their inputs and comments. Consequently, the Committee agreed that any additional comments and inputs should be e-mailed to the Secretariat at fal@icao.int, by noon on Monday, 30 September 2019, at the latest.

ICAO – SKYTALKS

SKYTALKS are held in the workshop area, 4th floor foyer (room 4.15.72).

For the detailed schedule of SkyTalks during A40, please consult the following page:

<https://www.icao.int/A40-SkyTalks-schedule>

Announcements

Distribution of Gifts and Promotional Materials

During the Assembly, distribution of gifts and promotional materials is not allowed in the Assembly Hall and in the Conference Rooms 1, 2 and 3. As per the Administrative Notice No. 4, the Secretariat stands ready to help physically distribute materials, including invitations, through the pigeonholes. Any requests for administrative matters including distribution of materials must be submitted to the Secretariat for approval, through the Bureau of Administration and Services <ADB@icao.int>.

Early Departure of Delegation

Early departure of an entire delegation should be notified in writing to the Secretary General. Such notification may be deposited at the Document Distribution counter on the 4th floor of the Conference Centre, in front of the escalators.

Multilingualism at ICAO

Interpretation Satisfaction Survey - ICAO is fully committed to multilingualism, giving all Member States a fair and equal opportunity to participate in discussions and to use publications and documentation in all six official languages of the Organization. To help improve our interpretation services, please let us know how we are doing. It's simple: just click on the link [Interpretation Satisfaction Survey](#), fill out the brief survey and submit.

Through the generosity of Brazil, Portuguese interpretation services are being provided for Plenary meetings during the Assembly.

ICAO is a smoke-free environment

Smoking is permitted in designated areas. Please refer to signboards.
