WEBSITE OF AERONAUTICAL AGREEMENTS AND ARRANGEMENTS

- Interactive website for the registration of Article 83 (e.g. Air Services and Air Transport Agreements) and Article 83 *bis* agreements, launched 2020.
- Allows States to self-register, manage registrations and receive automated notifications.
- Removes the need to mail certified true paper copies to ICAO, increasing the efficiency and timeliness of registrations.
- Increased flexibility for registration of Article 83 *bis* agreements:
 - ◇ Automated output of Agreement Summaries (facilitating compliance with Annex 6 SARPs);
 - ◇ Addition/removal/change to applicable aircraft directly in the system.
- Nomination of Focal Points by letter from senior official to OfficeLEB@icao.int, as detailed in State Letter LE 4/70—20/57.
