AVIATION PARTNERSHIPS FOR SUSTAINABLE DEVELOPMENT

MONTRÉAL, CANADA | 26 SEPTEMBER 2016

Session 2

Financing for Sustainable Growth of Aviation

How to mobilize resources to overcome constraints and impediments to partnership and financing?

- Improve regulatory oversight by allocating resources to training, manpower recruitment, technologies etc.; Strengthen collaboration with airlines and service providers. *(AAPA)*
- Develop business cases that demonstrate economic, social and environmental benefits of aviation as an accessible medium to all. *(ACI)*
- Mobilize manufacturers and suppliers to provide more resources for aviation; Partner with African training organizations to address brain-drain of critical skills. *(AFRAA)*
- Work together in partnership as efficient ATM benefits all; Make business cases for investing in ATM focusing on system-wide economic benefits. *(CANSO)*
- Broaden understanding of benefits of aviation across all levels and departments of government; Partnerships and consultation with industry. *(IATA)*
- Encourage internship-style programs to develop next generation of aviation professionals; Provide real-world industry experience in partnership with universities. *(IBAC)*
