P/16 Agenda Item 5

SAREX PELICAN 2025

SRR – SRS

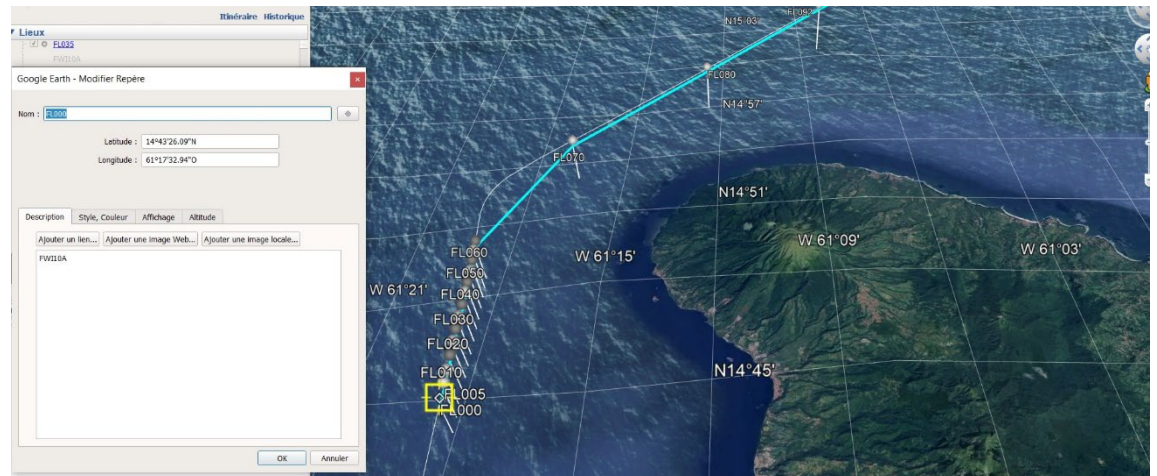

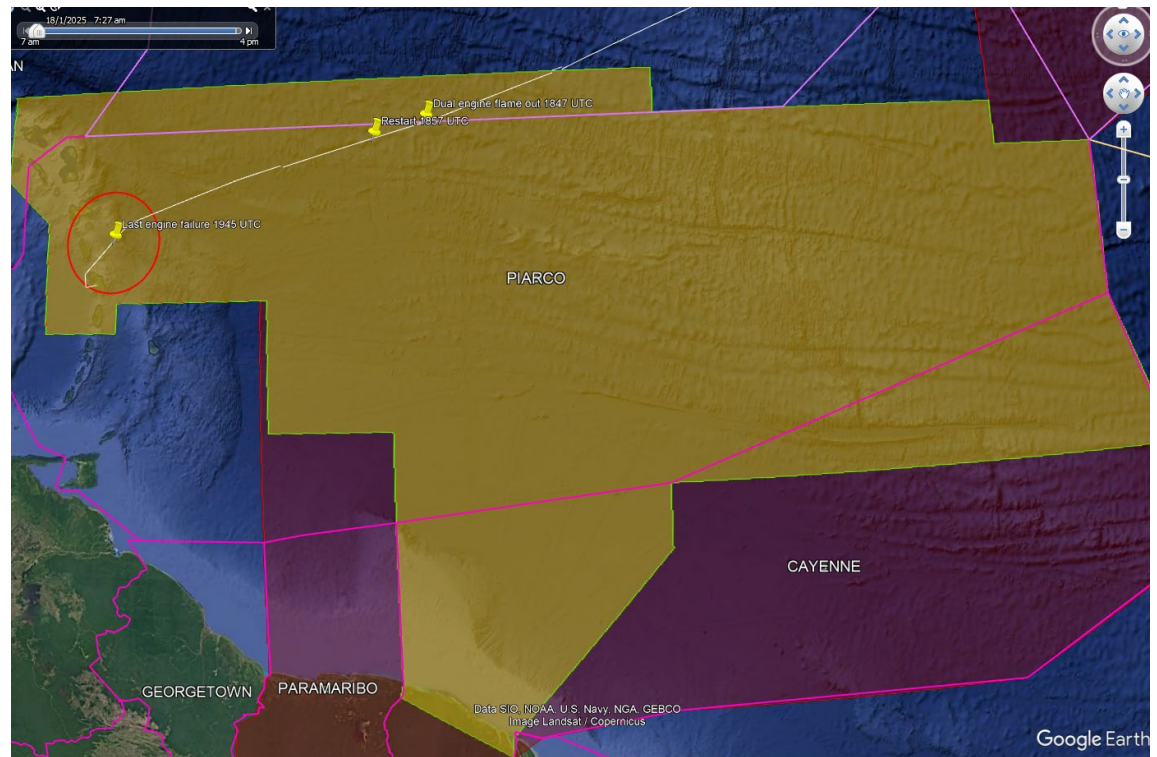

The challenge !

How to deal with the complexity of the areas of responsibilities and to improve SAR response time ?

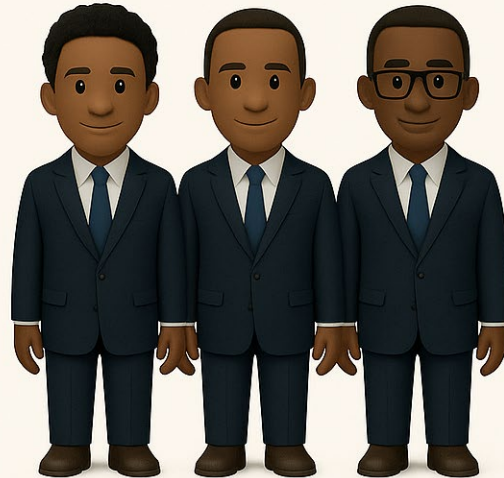

- SAR agreements between the stakeholders in charge of maritime and aeronautical SAR
 - Partnership agreement between MRCC Fort de France and SNA-AG
 - SAR LoA (project) between Trinidad & Tobago and France (French Antilles)
- Regional SAREXs
- Collaborative tools to improve coordination between the RCCs

based on the ICAO issued 3-letter designator for the air operator certificate holder. ACCs and RCCs could also be granted the opportunity to provide limited data, in order to update the LADR with supplementary information relevant to SAR services.

* Annex 11 in this figure refers to Annex 11 of the Convention on International Civil Aviation.

SAREX DAY2 SIMULATED RESCUE

SAR Air Assets – FR Martinique

Suggested actions

- To use the template proposed by France to formalise all the SAR delegations in the Piarco FIR
- To clarify the status of the aeronautical & maritime rescue coordination centres (RCC) and the Search and Rescue regions (SRR) declared to ICAO in the CAR/SAM Regional Air Navigation Plan, and to International Maritime Organisation (IMO).
- To register the aeronautical RCCs in the LADR and populate the contact information field.
