MCAAP Round Table Session

Project implementation, impact, lessons learned and future improvements

Christopher Barks

Project Director

MCAAP Round Table Session

01 PURPOSE AND FORMAT OF
THE ROUND TABLE

02 MCAAP STRATEGIC IMPACT
AND ALIGNMENT

03 RECENT ACTIVITIES AND
PROJECT SUPPORT

04 MEMBER PARTICIPATION
AND BENEFITS OF USAGE OF
MCAAP

05 BENEFITS, CHALLENGES,
OPPORTUNITIES AND
RECENT IMPROVEMENTS

06 GUIDING QUESTIONS AND
OPEN DISCUSSION

01 Purpose and Format of the Round Table

Member views on implementation, progress, impact and future improvements

Purpose

- Open space for questions, comments and concerns on MCAAP implementation.
- Exchange experiences and lessons learned on progress, impact and future direction.

Objectives

- Direct feedback on relevance, use, results and improvements.
- Strengthen MCAAP as an implementation support mechanism.
- Align activities with Members' priorities and ICAO Strategic Objectives 2026–2050.

Session Format

1 1-hour session

2 Regional Director moderation

3 Member interventions

4 Implementation and impact

02 MCAAP Strategic Impact and Alignment

Examples of recent MCAAP activities and their contribution to ICAO Strategic Objectives 2026–2050

Safety

Examples of Activities

- ANS Safety Oversight Workshop
- SMS Implementation in ATS
- Accident Investigation Cooperation

Strategic Impact

Every Flight is Safe and Secure

Capacity & Efficiency

Examples of Activities

- ATFM Integration
- eANP KPI Development
- ADS-B Monitoring

Strategic Impact

Seamless and Reliable Mobility

Regional Cooperation

Examples of Activities

- CANSNET Support
- Contingency Planning
- Regional Harmonization

Strategic Impact

No Country Left Behind

17 activities implemented in 2025 + Fast Track Activities approved for 2026

03 Recent Activities and Project Support

Examples of MCAAP implementation support activities conducted in 2025 and 2026

Technical Assistance

- ANS Safety Oversight Workshop
- ATFM Workshop and KPI Calculation
- ANS Contingency Planning
- ADS-B Monitoring Analysis

Capacity Building

- SMS Implementation in ATS
- Fatigue Risk Management
- OPS and AIR Training Programme
- Accident Investigation Training

Regional Integration

- CANSNET Support
- Regional Airspace Optimization
- Meteorological Framework
- Air Connectivity Initiatives

MCAAP activities support implementation, technical cooperation and regional harmonization

04 Member Participation and Use of MCAAP

61
Travel Assistances (2023-2025)

2023	
25	
Fellowships	
Cuba	11
Honduras	3
Costa Rica	3
Others	8

2024	
15	
Fellowships	
Cuba	12
Dominican Rep.	2
Honduras	1

2025	
21	
Subsidies	
Cuba	10
Jamaica	4
Mexico	3
Others	4

MCAAP support has enabled broad participation and regional technical cooperation.

04 Benefits of using MCAAP

**Subsidies
DSA: Lodging,
meals and
terminal expenses**

**Consultants to
support specific
needs of the
Project and/or its
members.**

**Proposal and
Financial Support
to Activities
beneficial to
Project Members**

**Purchase of plane
tickets ONLY by
request of the
Member Project.**

Members are invited to share their views and perspectives on MCAAP implementation and impact.

05 Benefits, Challenges and Opportunities

Benefits

- Technical cooperation
- Regional harmonization
- Capacity building

MCAAP

Challenges

- Resource limitations
- Coordination difficulties
- Implementation delays

Opportunities

- Increase visibility
- Expand engagement
- Improve accessibility

06 Recent Improvements

- Greater Participation of the Project Evaluation Commission (PEC).
- Improvement of the MCAAP website. Friendlier interface and easier to navigate.
- Further Improvement of the Procedural Handbook.
- Hiring of the MCAAP Assistant to give a more personalized support to Project Members.

MCAAP ROUND TABLE DISCUSSION

**Exchange of
Experiences**

Lessons Learned

Challenges

Recommendations

Members are invited to share their views and perspectives on MCAAP implementation and impact.

QUESTION 1

How does MCAAP support your progress toward ICAO Strategic Objectives 2026–2050?

Strategic Objectives

Which objective areas are most impacted?

Practical Results

What results have been achieved?

Greatest Value

Which activities generated the greatest value?

Project Members are invited to share their perspectives and experiences.

QUESTION 2

How well does MCAAP align with your national aviation priorities and strategic plans?

Safety

**Security &
Facilitation**

**Capacity &
Efficiency**

Environment

**Economic
Development**

Consider how MCAAP activities support your national implementation priorities

QUESTION 3

What are the main obstacles faced in implementing MCAAP actions?

Resources

Coordination

Political
Support

Internal
Follow-up

Identify implementation barriers and opportunities for improvement

QUESTION 4

What specific changes or enhancements would improve MCAAP's impact, accessibility and usability?

Impact

How can MCAAP generate greater value for Members?

Accessibility

How can participation and access be improved?

Usability

How can the Project become easier to use and benefit from?

Suggestions and recommendations for the future development of MCAAP

Wrap-Up and Next Steps

Key Takeaways from the Round Table

- Member feedback provides valuable insights on MCAAP implementation and results
- Experiences and lessons learned help identify good practices and improvement opportunities
- Challenges and recommendations support the continuous enhancement of the Project
- Feedback may be considered in the follow-up work of the Secretariat and the PEC

Thank you for your participation and contribution to MCAAP

Thank You
