Ref.: NT-N57-1.4 — **E.OSG-NACC120573**

11 August 2026

To: States, Territories and International Organizations

Subject: **Invitation - Space Operations 101: Operational Impact on Air Traffic Management (ATM) in the NAM/CAR/SAM Regions Workshop**
Orlando, Florida, United States from 2 to 4 November 2026

Action
Required: **Registration by 23 October 2026**

Dear Sir/Madam,

In order to follow up and provide support on the implementation of ICAO requirements related to Air Traffic Management (ATM) services related to space operations; I wish to invite your Administration to participate in the ICAO Workshop "Space Operations 101: Operational Impact on ATM in the NAM/CAR/SAM Regions." The workshop will be held, thanks to the generous sponsorship of JetBlue Airways, at its facilities in Orlando, Florida, United States, from 2 to 4 November 2026.

This three-day Space Operations 101 workshop is designed to strengthen regional awareness and operational readiness regarding the impacts of space launch and re-entry activities on ATM and Air Traffic Flow Management (ATFM).

The workshop structure will include:

- Day 1 and 2:
 - Classroom-based technical sessions, expert-led discussions, and case study reviews covering:
 - Launch and re-entry operational impacts on FIR capacity;
 - ATFM coordination challenges;
 - Cross-FIR communication requirements;
 - Risk mitigation and contingency planning; and
 - International coordination frameworks.
- Day 3:
 - An operational site visit to Port Canaveral, including structured briefings on real-world launch operations, coordination mechanisms, and interaction between space operators and ATM stakeholders.

.../2

The meeting will be held in person and in **English** only. The tentative agenda is included as Appendix A.

Based on the content and objective of the workshop, the participation of AMCB Working Group members, ANSPs, and State regulatory authorities is highly recommended. I would appreciate confirmation of your participation by **23 October 2026** through the following registration link: [Registration Form Space Operations 101 – Fill out form](#)

A list of recommended hotels for meeting participants is available through the following link: [Event details](#). Participants are encouraged to book directly with their chosen hotel as early as possible. For any administrative or logistical support related to the event, please contact Ms. Tania Helena, Senior International Program Analyst at JetBlue, at +1-407-572-2307 or by email at tania.helena@jetblue.com

If you require any further information regarding the event, please contact Mr. Josué González, Regional Officer, Air Traffic Management, or his Assistant, Mr. Alejandro Macias, at the following e-mail address nacc-atm@icao.int

Accept, Sir/Madam, the assurances of my highest consideration.

Christopher Barks
Regional Director
North American, Central American and
Caribbean (NACC) Regional Office

Space Transport Operations (STO) Educational Workshop
Supporting the Safe Integration of Space Operations within International Airspace
Orlando, Florida, United States, from 2 to 4 November 2026

APPENDIX A
PROVISIONAL AGENDA

Agenda Item 1: Adoption of the Provisional Agenda and Schedule

Under this agenda item, participants will review and adopt the agenda and schedule. The workshop objectives, expected outcomes, and overall organization will be presented.

Agenda Item 2: Understanding the Space Transport Operations (STO) Operational Environment

Under this agenda item, participants will review the global space transport operational environment, including its impacts on international airspace, safety considerations, operational challenges, and the importance of information sharing and situational awareness.

Agenda Item 3: Operational Coordination and Emerging Solutions

Under this agenda item, participants will examine current coordination practices among aviation and space stakeholders, discuss emerging technologies and operational tools, and explore approaches to improving operational coordination and information exchange.

Agenda Item 4: Future Collaboration and Workshop Outcomes

Under this agenda item, participants will discuss opportunities to strengthen international collaboration, promote harmonized practices and terminology, and identify recommendations to support the safe, orderly, and efficient integration of space transport operations within international airspace.

Agenda Item 5: Other Business

Under this agenda item, participants may discuss any other matters relevant to the objectives of the workshop.

— END —
