

ICAO

The Value SPMO Adds

The SPMO strengthens ICAO by providing a single, strategically aligned, and transparent view of planning, performance, and organizational priorities, enabling faster, higher-quality results for Member States.

SPMO enhances decision-making, improves governance and supports a culture of collaboration, efficiency, and continuous improvement.

What we do

The SPMO is composed of strategic core functions, each strengthening ICAO's ability to plan, deliver, govern, and improve.

Setting the Direction

Ensuring ICAO's work is strategically aligned, well-prioritized, and supported by transparent performance optimization.

- ◆ Strategic & Business Planning
- ◆ Portfolio Governance, Monitoring & Reporting
- ◆ Programme Management

Delivering & Improving Together

Driving effective portfolio delivery, support change, and lead improvement initiatives that make ICAO more efficient and future-ready.

- ◆ Portfolio Project Management
- ◆ Continuous Organizational Improvement
- ◆ Change Management

Strengthening How We Work

Reinforcing accountability, risk management and process optimization to support a well-governed, consistent, and resilient ICAO.

- ◆ Risk Management
- ◆ Business Process Management
- ◆ Accountability
