

## AAOSG 8 WORK PROGRAMME 2025/2026

| Task #   | Task description/Action/   | Target Dates      | Lead  | Reference  | Remarques   |
|----------|--|-------------------|---|--|---|
| Task 1.  | Send letters to request States and organizations to share the list of AGA experts in their territory (CAA and Industry)                        | 15 September 2025 | RO, small focus group and T&Q PT                                | QPIRG Conclusion 27/xx                           | ToR to be developed and sent with the letters (South Africa, Senegal, Nigeria to develop)<br>2 months deadline    |
| Task 2.  | Send letters to request States and organizations to update the list of project teams members or nominate if needed (CAA and Industry)          | 15 September 2025 | RO, small focus group and T&Q PT                                | QPIRG Conclusion 27/xx                           | To do every year , beginning of the year confirm after AAO send the current list                                  |
| Task 3.  | Remind States to nominate and provide certification action plans by the end of 2024 (Send State letters)                                       | 15 August 2025    | RO  | APIRG Conclusion 20/01<br>APIRG Conclusion 22/18 | Send a copy of the letter   |
| Task 4.  | Conduct a workshop on the reporting of air navigation deficiencies   | 15 September 2025 | RO  | APIRG Conclusion 21/25                           | Scheduled for Q4 2025<br>Virtual workshop   |
| Task 5.  | Conduct working sessions with States for the finalization of the AFI eANP  | 30 October 2025   | RO  | APIRG Conclusion 22/20                           | 1 session completed in WACAF ESAF?<br>Planned for Q42025  |
| Task 6.  | Submit the PfA to amend the AOP tables in AFI eANP   | 30 Octobre 2025   | RO  | APIRG Conclusion 22/20                           | States to submit information by 15 september , the pfA will be processed with information available at that time. |
| Task 7.  | Conduct a workshop on amendment 18 Annex 14 vol 1 and Amendment 10 Annex 14 Vol 2  | 15 Novembre 2025  | RO  |  |   |
| Task 8.  | Conduct an awareness workshop on ACDM to familiarize States with the implementation documents  | 30 Novembre 2025  | RO and ACDM PT  | APIRG Decision 24/17                             |   |
| Task 9.  | Circulate a survey for the implementation status of PANS-Aerodrome and AEP provisions using the checklists developed by the small focus groups | 30 December 2025  | RO, Small focus group and Aerodrome Certification Project team  | APIRG Conclusion 20/02<br>APIRG Conclusion 20/03 |   |
| Task 10. | Assess the level of accuracy between States' SAAQ, eANP and AIPs   | 30 December 2025  | RO  | APIRG Conclusion 22/21                           |   |
| Task 11. | Conduct an awareness workshop for States and international airports that have not yet established RST  | 30 December 2025  | RO and RST PT/Champion States                                   | APIRG Conclusion 22/19                           | Champion States to be identified  |
| Task 12. | Organize First High-level sensitization meeting with top management on aerodrome certification   | 30 December 2025  | RO and RSOO/AFCAC   | APIRG Conclusion 20/01<br>APIRG Conclusion 22/18 | Including Ministry of Transports, DG CAAs & Airports  |
| Task 13. | Develop problem statement for the use of civil military used airports  | 30 December 2025  | RO and small focus group (Mauritania, Nigeria, Senegal, Uganda) | Draft Decision AAOSG6/xx                         | In coordination with ATM/SAR, AVSEC experts   |

| Task #   | Task description/Action/  | Target Dates     | Lead  | Reference  | Remarques  |
|----------|---|------------------|---|--|--|
| Task 14. | Conduct a workshop on ACR-PCR implementation  | 30 December 2025 | RO, expert team and aerodrome certification project team      | Draft Decision AAOSG6/xx                         |  |
| Task 15. | Conduct consultation with AFPP on how AOP can best contribute to the programme  | 15 March 2026    | RO AOP et ATM   |  | Training, collaboration, cooperation   |
| Task 16. | Identify the number of States that have developed national air navigation plans   | 30 March 2025    | RO  | APIRG Conclusion 21/01                           |  |
| Task 17. | Assess the implementation status of AEP provisions by States using the checklist developed                                | 30 March 2026    | RO and Small focus group/Aerodrome PT                         | APIRG Conclusion 20/02<br>APIRG Conclusion 20/03 | Results to be presented at the AAOSG9  |
| Task 18. | Assess the implementation status of PANS-Aerodrome provisions by States using the checklist developed                     | 30 March 2026    | RO and Small focus group/Aerodrome Certification Project team | APIRG Conclusion 20/02<br>APIRG Conclusion 20/03 | Results to be presented at the AAOSG9  |
| Task 19. | Conduct a workshop on amendment 18 Annex 14 vol 1 and Amendment 10 Annex 14 Vol 2-2026 prov                               | 30 March 2026    | RO  |  |  |
| Task 20. | Conduct a gap analysis of the eANP and the respective States' SAAQ and AIP information, after updating the eANP           | 30 June 2026     | RO  | APIRG Conclusion 22/21                           | Communicate results to States for action   |
| Task 21. | Identify the number of national multidisciplinary team on UAS introduction established                                    | 30 March 2026    | RO and RASG/AFI   | APIRG Conclusion 21/31<br>APIRG Conclusion 22/37 | Ghana,Zambia, Cabo verde, Nigeria, have a multidisciplinary team                               |
| Task 22. | Finalize the development of RST project document and runway safety programme generic document                             | 30 March 2026    | RO and AOP PT(RST)  | APIRG Decision 23/11                             |  |
| Task 23. | Conduct a sensitization workshop to encourage States to be part of AFPP   | 30 March 2026    | RO and AFPP/RSOO/AFCAC  | APIRG Conclusion 20/16<br>APIRG Conclusion 20/17 | Target AOP expert To do in coordination of AFPP and ATM  |
| Task 24. | Develop Procedure and mechanism for the maintenance of the roster of AOP experts (CAA and Industry)                       | 30 March 2026    | RO, small focus group and T&Q PT                              | QPIRG Conclusion 27/xx                           | Guidance to be developed and sent with the letters (South Africa, Senegal, Nigeria to develop) |
| Task 25. | Organize a Second High-level sensitization meeting with top management on aerodrome certification                         | 15 June 2026     | RO and RSOO/AFCAC   | APIRG Conclusion 20/01<br>APIRG Conclusion 22/18 | Including Ministry of Transports, DG CAAs & Airports   |
| Task 26. | Establish the list of air navigation deficiencies for year 2026   | 15 June 2026     | RO  | APIRG Conclusion 21/25                           |  |
| Task 27. | Coordinate with relevant stakeholders the analysis report on the work done on Infrastructure gap analysis                 | 15 June 2026     | RO/AFCAC/TWG  | APIRG Decision 21/15                             | Report to be presented at the next AAO/SG9 meeting   |
| Task 28. | Revise the AAO work programme for integration of RPAS operation   | 15 June 2026     | RO and RASG AFI   | APIRG Conclusion 21/31<br>APIRG Conclusion 22/37 |  |
| Task 29. | Conduct a regional workshop on aerodrome certification benefits, challenges and lessons learned for the airport community | 30 June 2026     |   | APIRG Conclusion 20/01<br>APIRG Conclusion 22/18 | In-person workshop   |
| Task 30. | Review ACDM implementation gap analysis submitted by Priority States  | 30 June 2026     | RO and ACDM PT  | APIRG Decision 24/17                             | Validated templates to be used   |

| Task #   | Task description/Action/  | Target Dates | Lead  | Reference  | Remarques  |
|----------|---|--------------|---|--|--|
| Task 31. | Identify and support 5 Airports to be certified by June 2025.   | 30 June 2026 | RO and Aerodrome Certification Project team | APIRG Conclusion 20/01<br>APIRG Conclusion 22/18 | List of airports identified<br>WACAF: Liberia, Eq. Guinea, Chad, CAR,CMR<br>ESAF : Lilongwe-Malawi, Mahe-Seychelles  |
| Task 32. | Conduct a validation workshop of the Runway safety programme generic documentation                        | 30 June 2026 | RO and AOP PT(RST)                          | APIRG Decision 23/11                             |  |
| Task 33. | Identify and assist 15 international airports in establishing RSTs  | 30 June 2026 | RO and RST PT/Go-Teams                      | APIRG Conclusion 22/19                           | Report on the status at the AAO/SG9 meeting Support ongoing for Lilongwe and Manzini   |
| Task 34. | Target and assist 10 Airports to support the implementation of GRF  | 30 June 2026 | RO and RST PT                               | APIRG Conclusion 22/41<br>APIRG Conclusion 24/16 | Airports identified:<br><b>WACAF</b><br>Conakry - completed<br>Kinshasa-Ongoing<br>Lubumbashi-Ongoing<br>Banjul-Ongoing<br>Malabo-Ongoing<br><br>ESAF Target for Juba and Asmara<br><br>Awareness campaigns and technical assistance |
| Task 35. | Monitor the update by States of the information in the SAAQ, the AFI eANP and the AIP to ensure alignment | 30 June 2026 | RO/States                                   | APIRG Conclusion 22/21                           | ROs to report on the status at AAOSG9  |
| Task 36. | Conduct an awareness workshop on the certification of joint-used Civil-Military international aerodromes  | 30 June 2026 | RO  | Draft Decision AAOSG6/xx                         | In coordination with ATM/SAR, AVSEC experts  |
