Strategic Goals:	***A. Every Flight is Safe and Secure*** ***B. Aviation Is Environmentally Sustainable*** ***C. Aviation Delivers Seamless, Accessible, and Reliable Mobility for All*** ***D. No Country is Left Behind*** ***E. Economic Development of Air Transport***

1 INTRODUCTION

1.1 The AASPG is primarily responsible for the development and maintenance of its primary regional plans, namely the AFI Air Navigation Plan (ANP, ICAO Doc 7474) and the Regional Aviation Safety Plan (AFI-RASP). The Group is also responsible for the identification and resolution of deficiencies pertaining to safety oversight and implementation activities. It is a planning and coordination mechanism and, while implementation is the responsibility of States, AASPG can play a significant

role in supporting the implementation of Standards and Recommended Practices (SARPs) as well as regional requirements.

1.2 AASPG monitors and reports progress on the implementation of the GASP and GANP, the regional objectives and priorities, and ensure harmonization with regional and national plans.

1 DISCUSSIONS

2.1. The AASPG Terms of Reference (ToRs) state that at each of its meetings, the Group should endeavor to agree on the date, venue and duration of its next meeting.

2.2. To achieve AASPG objectives, the frequency of the meetings will be on annual basis. However, to safeguard coherent and orderly safety and air navigation planning in the interest of States and airspace users in the AFI region, the Group may determine the need for any additional meetings that may arise.

2.3. In this regard, the Secretariat presents the proposal for activities of the AAO, IIM and SMO Sub-Groups, the AASPG Annual Report Team (AART), the PRCC and the AASPG for the period up to December 2027 as indicated in the attachment to this paper.

2 ACTION BY THE MEETING

3.1. The meeting is invited to:

a) Note the information provided in this working paper; and

b) Consider the future work programme and the meetings plan of AASPG and its contributory bodies provided in Appendix A to this working paper.
