USOAP Workshops

Info sheet

Overview

As part of its mandate, USOAP delivers regular 3-4-day workshops in the regions to update National Continuous Monitoring Coordinators (NCMCs) and other State safety personnel on the latest developments in USOAP CMA and the Online Framework (OLF).

Objectives

- To provide NCMCs and other users with an overview and update on USOAP CMA
- To address the updated PQs and their impact on States' Effective Implementation (EI)
- To provide update on the integration of safety management into USOAP activities
- To review the latest OLF tools and functionalities as well as their application in the context of USOAP
- To practice doing specific tasks on OLF.

Workshop Content

- Module 1: Introduction
- Module 2: Overview of USOAP CMA
- Module 3: CMA Online Framework (OLF) and Electronic Filing of Differences (EFOD) module
- Module 4: How to do Self-assessment and Corrective Action Plans (CAPs)
- Module 5: Overview of other USOAP related electronic tools

Target Audience

- National Continuous Monitoring Coordinators (NCMCs)
- State CAA safety personnel involved in USOAP activities
- ICAO regional safety and technical cooperation officers

How to request a cost-recovery USOAP workshop

Any State's civil aviation administration (CAA) may request to host a USOAP workshop for its staff on cost recovery basis by contacting USOAP directly. Subject to availability of convenient time and resources, USOAP may plan a workshop in coordination with the CAA.
