

Mr. Mauricio Ramírez was appointed as the Representative of Colombia on the ICAO Council in October 2025. He previously held this position from September 2018 to September 2022.

During his first mandate on the Council, Mr. Ramírez served as 3rd Vice-President of the Council, Chair of the Technical Cooperation and Implementation Support Committee, Chair of the Finance Committee, Chair of the Climate and Environment Committee and Chair of the ICAO pre-CAAF/3 Outcomes Consultation. Additionally, he was elected as Vice-chairperson of CAAF/3. Most recently, Mr. Ramírez was elected as Chairperson of the Administrative Commission during ICAO's 42nd Assembly.

Prior to his posting at ICAO, Mr. Ramírez held several positions in public office in Colombia, including Deputy Minister of Public Works and Transportation, Director of the Institute of Urban Development of Bogota and Director of the National Highways Institute. He also has a broad background in the private sector, with experience in engineering and industrial companies. He served as President of the General Council of the Civil Aeronautics Administration, member of the National Aeronautics Council and the National Air Safety Council, as well as a Board Member of the Colombian Air Club and President of IAOPA Colombia.

Mr. Mauricio Ramírez holds a Master of Science in Civil Engineering (MSCE) degree from MIT and brings extensive experience in engineering and civil aviation.
